AMERICAN CERAMIC SOCIETY

bulletin

emerging ceramics & glass technology

APRIL 2014

Additive Manufacturing

- Patent basics for ceramics and glass •
- History of high-alumina electrical insulators •
- MCARE and SCPD meeting highlights •
- Previews: GOMD, Biomedical Materials, Electrospinning •

contents

April 2014 • Vol. 93 No. 3

feature articles

- Additive manufacturing—Turning manufacturing inside out** 17
Peter Wray

No longer a laboratory or hobbyist curiosity, additive manufacturing techniques open doorways to entirely new ways of thinking about component design and drive a \$2 billion plus industry.

- Industry embraces ceramic additive manufacturing—Layer by layer** 24
Peter Wray

Enthusiasm tempered by reality describes the current and future states of additive manufacturing of ceramic materials.

- Patent law fundamentals for innovators in the ceramic and glass industry** 28

Steve Ritchey

Part one of a two-part series presents the importance of patents to companies and the requirements that must be met before patents are granted.

- Alumina-enriched porcelain: Fifty years in the production of high-voltage insulators** 33

Martin Hartmann (translated by Arndt Spindler)

Johannes Liebermann talks about the progress and trends of porcelain high-voltage insulators.

- Book review—'Thriving in the 21st Century Economy: Transformational Skills for Technical Professionals'** 42

Oh-Hun Kwon

Globalization and digitization require STEM professionals to develop skills for all points along the innovation chain.

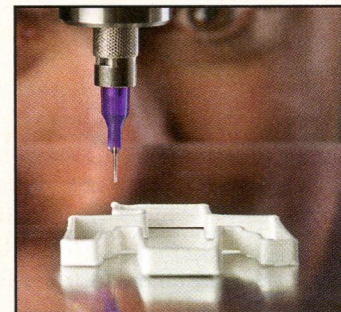

meetings

- DGG-ACerS GOMD 2014** 36
Conference information 36
Technical program 37

- Innovations in Biomedical Materials: Focus on Ceramics** 38
Technical program 38
Hotel information 39

- 3rd International Conference on Electrospinning** 40
Conference information 40

- Meeting Highlights: MCARE and Structural Clay Products Division** 41

Executive Staff

Charles Spahr, Executive Director and Publisher
cspahr@ceramics.org
Teresa Black, Director of Finance and Operations
tblack@ceramics.org
Megan Bricker, Dir. Marketing & Membership Services
mbricker@ceramics.org
Eileen De Guire, Director of Communications
edeguire@ceramics.org
Sue LaBute, Human Resources Manager & Exec. Assistant
slabute@ceramics.org
Mark Mecklenborg, Dir. Technical Publications & Meetings
mmecklenborg@ceramics.org

Officers

David Green, President
Kathleen Richardson, President-elect
Richard Brow, Past President
Ted Day, Treasurer
Charles Spahr, Executive Director

Board of Directors

Keith Bowman, Director 2012-2015
Elizabeth Dickey, Director 2012-2015
John Halloran, Director 2013-2016
Vijay Jain, Director 2011-2014
Edgar Lara-Curzio, Director 2013-2016
Tatsuki Ohji, Director 2013-2016
Ivar Reimanis, Director 2011-2014
Lora Cooper Rothen, Director 2011-2014
Mrityunjay (Jay) Singh, Director 2012-2015
David Johnson Jr., Parliamentarian

Address

600 North Cleveland Avenue, Suite 210
Westerville, OH 43082-6920

departments

News & Trends 3

- Midwest lands new innovation hubs built to boost advanced manufacturing
- Greater gender equity, integration could spur greater productivity, innovation
- US backs \$6.5-billion loan guarantee for first nuclear facilities in 30 years
- Spending declines at federal R&D centers
- DOE announces \$3 million for geothermal energy R&D, rare-earth element supply
- Canada makes \$1.5-billion investment in research funding
- World's tallest building-to-be faces construction challenges

ACerS Spotlight 7

- Nominations open for GOMD Coopers Scholars Award
- Southwest Section to hold June meeting
- Singh to receive Michigan/Northwest Ohio Section Award
- Connect to the future: Outreach kits make materials science accessible to students
- AACs: Banner year in 2013 begets even bigger things in 2014

Advances in Nanomaterials 11

- Silica nanoparticle adhesives for hydrogels and tissues

Ceramics in Energy 12

- New nanogenerator shows promise for self-powered electronics
- Perovskite structure photovoltaics key to new solar-cell production
- Self-cleaning coating solves solar's soiling problems

Research Briefs 14

- 3D laser-engraved glass that mimics nacre is 200 times stronger
- Ceramic-polymer composite microstructures built using 3D laser lithography
- A new path to the synthesis of monomodal mesoporous metal oxides

Ceramics in Biomedicine 16

- Biomedical nanoelectronics get a boost from alumina-protected silicon nanowires
- Silica-encased silver nanorattles may improve implants

American Ceramic Society Bulletin covers news and activities of the Society and its members, includes items of interest to the ceramics community, and provides the most current information concerning all aspects of ceramic technology, including R&D, manufacturing, engineering, and marketing.

American Ceramic Society Bulletin (ISSN No. 0002-7812). ©2014. Printed in the United States of America. *ACerS Bulletin* is published monthly, except for February, July, and November, as a "dual-media" magazine in print and electronic formats (www.ceramicbulletin.org).

Editorial and Subscription Offices: 600 North Cleveland Avenue, Suite 210, Westerville, OH 43082-6920. Subscription included with American Ceramic Society membership. Nonmember print subscription rates, including online access: United States and Canada, 1 year \$95; international, 1 year \$150.* Rates include shipping charges. International Remail Service is standard outside of the United States and Canada. *International nonmembers also may elect to receive an electronic-only, email delivery subscription for \$75.

Single issues, January–October/November: member \$6.00 per issue; nonmember \$7.50 per issue. December issue (*ceramicSOURCE*): member \$20, nonmember \$25. Postage/handling for single issues: United States and Canada, \$3 per item; United States and Canada Expedited (UPS 2nd day air), \$8 per item; International Standard, \$6 per item.

POSTMASTER: Please send address changes to *American Ceramic Society Bulletin*, 600 North Cleveland Avenue, Suite 210, Westerville, OH 43082-6920.

Periodical postage paid at Westerville, Ohio, and additional mailing offices. Allow six weeks for address changes.

ACCSBA7, Vol. 93, No. 3, pp 1–48. All feature articles are covered in *Current Contents*.
