

Volume 90, Issue 4

April 2025

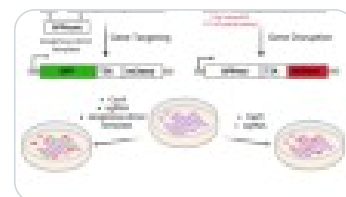

9 articles in this issue

Novel CRISPR/Cas9-Based Approaches for Quantitative Study of DSB Repair Mechanics

Alexander V. SmirnovAnastasia M. Yunusova

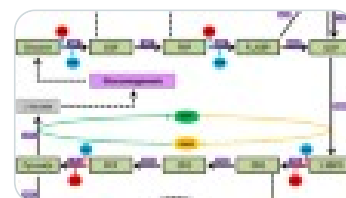

REVIEW | 29 May 2025 | Pages: 437 - 456

Pyruvate Kinase PKM2: Basic and Translational Aspects in Molecular Diagnosis of Human Malignancies

Pavel V. Belousov

REVIEW | 29 May 2025 | Pages: 457 - 475

Suppression of *IL5* and *IL13* Gene Expression by Synthetic siRNA Molecules Reduces Nasal Hyperreactivity and Inflammation in a Murine Model of Allergic Rhinitis

Mariya M. KaganovaIgor P. ShilovskiyMusa R. Khaitov

OriginalPaper | 29 May 2025 | Pages: 476 - 492

R- and S-Pyruvate-Containing Polysaccharide from the Cell Wall of *Rathayibacter* sp. VKM Ac-2927

Maksim S. KokoulinNatalia V. PotekhinaLyudmila I. Evtushenko

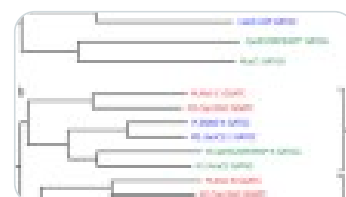

OriginalPaper | 29 May 2025 | Pages: 493 - 501

Restriction–Modification Systems Specific toward GGATC, GATGC, and GATGG. Part 1. Evolution and Ecology

Sergey SpirinIvan RusinovAnna Karyagina

OriginalPaper | 29 May 2025 | Pages: 502 - 512

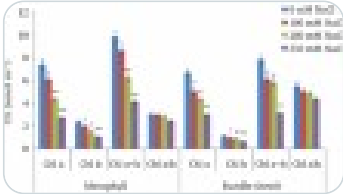

Restriction–Modification Systems Specific toward GGATC, GATGC, and GATGG. Part 2. Functionality and Structure

Sergey SpirinAlexander GrishinAnna Karyagina
OriginalPaper | 29 May 2025 | Pages: 513 - 521

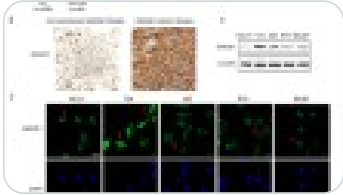

Comparative Analysis of Mesophyll and Bundle Sheath Chloroplasts from Maize Plants Subjected to Salt Stress

Nahida Kh. AliyevaDurna R. AliyevaIrada M. Huseynova
OriginalPaper | 29 May 2025 | Pages: 522 - 533

Unveiling Oncogenic Power of WAVE1 in Bladder Cancer Progression

Shouxi CuiBin LiangYong Liu
OriginalPaper | 29 May 2025 | Pages: 534 - 543

Depot-Specific Changes in Gene Expression in the Inguinal and Epididymal Adipose Tissues in Response to the High-Intensity Interval Training and Moderate-Intensity Continuous Training in Mice

Yisheng LuanLingfeng YuanYaxin Wang
OriginalPaper | 29 May 2025 | Pages: 544 - 552
