

Volume 15, Issue 2

April 2025

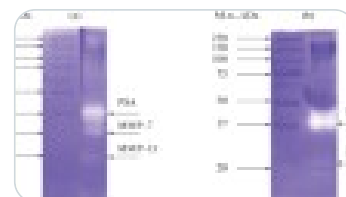

19 articles in this issue

Identification of Gelatinases in Prostate Cancer Cells

N. P. AkentievaA. R. GizatullinS. S. Shushanov

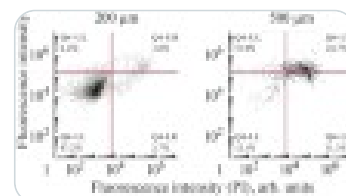

OriginalPaper | 28 May 2025 | Pages: 129 - 135

Oxidative Stress as Senescence Inductor for Adipose-Derived Mesenchymal Stromal Cells

A. Ratushnyy

OriginalPaper | 28 May 2025 | Pages: 136 - 141

Gut Microbiome and Age-Related Diseases

G. A. ShilovskyE. V. SorokinaD. N. Akhaev

OriginalPaper | 28 May 2025 | Pages: 142 - 149

Actin Polymerization: Mechanistic Insights into Cellular Adaptation Processes

Neelabh Datta

OriginalPaper | 28 May 2025 | Pages: 150 - 159

Dependence of Clinostatic and Orthostatic Cardiointervalography Parameters on the Duration (Volume) of Training and Competition Loads of Aerobic and Anaerobic Nature of an Elite Racer-Skier

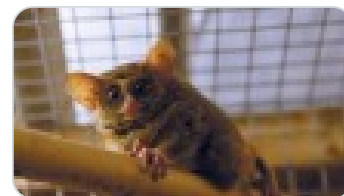

D. A. KataevV. I. TsirkinS. I. Trukhina

OriginalPaper | 28 May 2025 | Pages: 160 - 173

Prospects for the Creation of Populations of Tarsiers *Ex Situ*

Z. S. Ruchkina

OriginalPaper | 28 May 2025 | Pages: 174 - 193

Assessment of Exterior Indicators of Parental and Hybrid Forms of African Catfish *Clarias gariepinus*

A. A. KlimukS. V. BeketovN. I. Kochetkov

OriginalPaper | 28 May 2025 | Pages: 194 - 200

Study of the Effects of Mammalian Kisspeptin Analogs and Kisspeptin 10 in *Danio rerio*

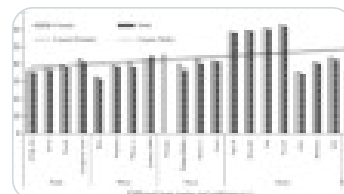

V. A. GoltsA. A. LebedevP. D. Shabanov

OriginalPaper | 28 May 2025 | Pages: 201 - 208

Performance of Angoumois Grain Moth, *Sitotroga cerealella* (Lepidoptera: Gelechiidae) on Different Hosts in Varied Storage Conditions: A Review

Neha ChowdhuryBratatee SardarNayan Roy

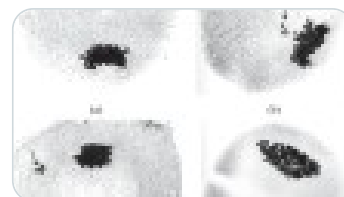

OriginalPaper | 28 May 2025 | Pages: 209 - 219

Mechanisms of Transition of Chromosomes from a Mitosis to Meiosis and Prevention of Conjugation of Homoeolog at an Allohexaploidny Type of Wheat

N. A. Zharkov

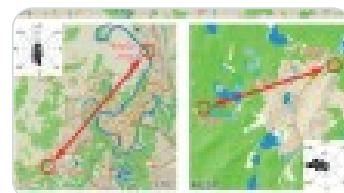

OriginalPaper | 28 May 2025 | Pages: 220 - 232

Adaptive Reactions of Pigment Complex of Pine Needles in Conditions of Various Types of Pollution of the South Ural Region

A. A. UrazbahtinR. V. Urazgil'din

OriginalPaper | 28 May 2025 | Pages: 233 - 245

Promising Biofilm Inhibitors of *S. aureus* of Plant Origin

N. V. BiryukovaA. G. OvsyannikovA. Ya. Agniullina

OriginalPaper | 28 May 2025 | Pages: 246 - 253

Holoptelea integrifolia (Roxb.) Planch: A Potential Plant for Sports Nutrition and Medicine

Kana Ram KumawatNeha SinghArvind Pareek

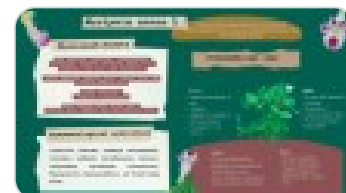

OriginalPaper | 28 May 2025 | Pages: 254 - 266

Martynia annua L. in Traditional Medicine, Ethnomedicine and Pharmacology: A Review

Sanjay SainiArvind Pareek

OriginalPaper | 28 May 2025 | Pages: 267 - 274

Advancing Biological Methods as a Sustainable Solution for Reactive Dye Degradation

Tanvi PanchalDhaval AcharyaRachana Shukla

OriginalPaper | 28 May 2025 | Pages: 275 - 287

Taxonomic Characteristics of Main Natural Dye Plants Spread in the Flora of Nakhchivan Autonomous Republic (Azerbaijan)

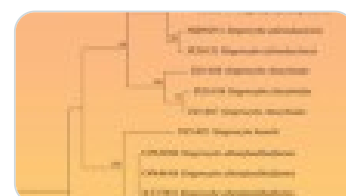

Nasirova Afruz SattaOrujova Aida SattarGuliyeva Lamiya Telman

OriginalPaper | 28 May 2025 | Pages: 288 - 299

First Report of *Singerocybe alboinfundibuliformis* from Pakistan Based on Morphological and Molecular Phylogenetic Studies

Nisar AliSadiq UllahJawad Hussain

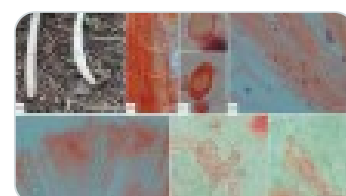

OriginalPaper | 28 May 2025 | Pages: 300 - 305

***Helvella pakistanica* (Helvellaceae, Ascomycota), New Species from Khyber Pakhtunkhwa, Pakistan**

Mohsin UllahUmer RehmanMalka Saba

OriginalPaper | 28 May 2025 | Pages: 306 - 311

Comparative Mycelium Growth of Five Mushroom Species on Potato Dextrose Agar: Effects of Inoculum Dose and Temperature

Maryam AliMuhammad IbrahimMohsinullah

OriginalPaper | 28 May 2025 | Pages: 312 - 318
