

Volume 52, Issue 2

April 2025

39 articles in this issue

New Reports of Powdery Mildew on Oriental Plane, Cottonwood and Indian Willow in the Himalayan Temperate Rain Forests of Pakistan

Irsa ZafarNajam-ul-Sehar AfshanMuntazir Mehdi

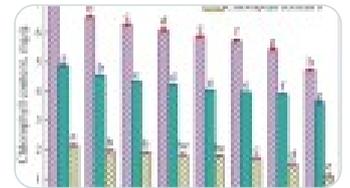

OriginalPaper | 09 June 2025 | Article: 76

Investigating the Impact of Drought Stress on the Growth and Physicochemical Properties of the Endangered Species *Malania oleifera* Seedlings

Hailing XuXuying WangBo Wei

OriginalPaper | 09 June 2025 | Article: 75

Spatio-Temporal Variations in Abundance and Biomass of Three Commercial Shrimp Species in the Mekong Estuaries, Southern Vietnam

Thai T. TranPhuong Thao T. NguyenQuang X. Ngo

OriginalPaper | 09 June 2025 | Article: 74

Ornamental and Landscape Characteristics of Roses, Their Complexity, Contribution to the Overall Value of Cultivars, and Potential Applications of Use in Rose Breeding

Gabriela M. Salcă RomanAdriana F. SestrasRadu E. Sestras

OriginalPaper | 09 June 2025 | Article: 73

The Earliest Record of the Active Season of *Mertensiella djanaschvili* (Tartarashvili and Bakradze 1989) (Urodela: Salamandridae)

Sema SarikurtUfuk Bülbül

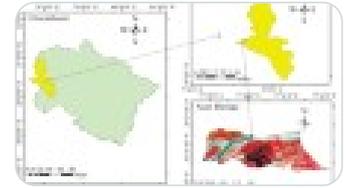

OriginalPaper | 09 June 2025 | Article: 72

The Wetland Habitat Quality Parameters Association with Waterbird Species Distribution at Asan Barrage in Doon Valley, Dehradun District of Uttarakhand

Aanchal SaklaniKamal Kant JoshiAshutosh Singh

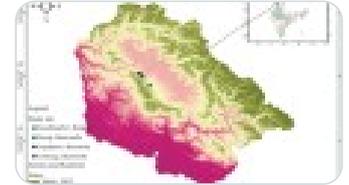

OriginalPaper | 09 June 2025 | Article: 71

From Sprouting to Senescence: Phenological Chronicles of *Phytolacca acinosa* Roxb. in the Himalayan Highlands

Junaid A. MagrayBilal A. WaniRoof UI Qadir

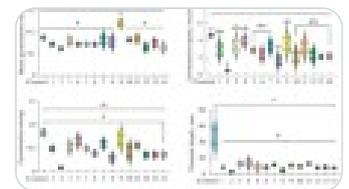

OriginalPaper | 09 June 2025 | Article: 70

Enhancing Cowpea Resilience: Role of Putrescine and Salicylic Acid in Mitigating Salt Stress Effects on Germination, Early Growth and Biochemical Content

H. KibarB. Kibar

OriginalPaper | 09 June 2025 | Article: 69

The Accumulation of Heavy Metals in European Squid (*Loligo vulgaris*) Collected from the Coasts of Türkiye and Its Impact on Public Health

S. DoganE. UgurluÖ. Duysak

OriginalPaper | 09 June 2025 | Article: 68

Diversity and Community Assembly Process of Bdelloid Rotifers in Heterogeneous Habitats in Subtropical Mega City (Guangzhou, China)

Yuyan ChenWenbo WangYufeng Yang

OriginalPaper | 09 June 2025 | Article: 67

ISSR Marker Based Genetic Variation Analysis in the Riparian Relict Tree *Pterocarya fraxinifolia* (Juglandaceae) Genotypes in Türkiye

Bilal ÇetinEmre SevindikEren Baş

OriginalPaper | 09 June 2025 | Article: 66

Morphological Features of Hedgehogs *Erinaceus europaeus* and *E. roumanicus* from the Contact Zone of Moscow Oblast

K. I. ZolotarevaV. S. LebedevaA. A. Bannikova

OriginalPaper | 09 June 2025 | Article: 65

Immunomodulatory Effect of a Bifido- and Lactobacilli Complex on Nonspecific Humoral Immunity of Sturgeon Fish Hybrids

A. D. ZhandalgarovaD. V. MikryakovS. V. Kuzmicheva

BRIEF REPORTS | 09 June 2025 | Article: 64

Effects of Basic Medium Types and Plant Growth Regulators on Seed Germination and Protocorm Differentiation of *Pleione maculata* (Lindl.) Lindl. (Orchidaceae)

Kefei WuYing YuanShasha Wu

OriginalPaper | 09 June 2025 | Article: 63

Promising Strategies for Sustainable Remediation: Isolation and Evaluation of Hydrocarbon-Degrading Bacteria from Contaminated Sites in South Celebes, Indonesia

R. WardhaniMusdalifahF. Gani

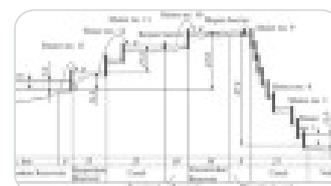

OriginalPaper | 09 June 2025 | Article: 62

Features of the Plankton Community in the Dynamic Conditions of the Lock Chambers of the Lenin Volga–Don Shipping Canal

N. G. TarasovaO. V. MukhortovaA. S. Semenova

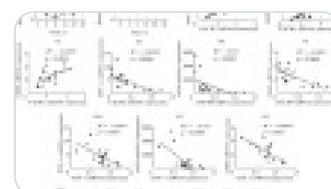

ECOLOGY | 09 June 2025 | Article: 61

Evaluating the Role of SDF-1/CXCR7/CXCR4 Axis in LPS-Stimulated Bone Marrow-Derived Macrophages

Shiyue SunTongtong YuHafiz Muhammad Ahmad Javaid

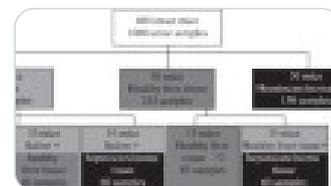

OriginalPaper | 09 June 2025 | Article: 60

Physical Trauma Alters the Spectrum of Volatile Organic Compounds in Mouse Urine

E. I. RodionovaO. V. MorozovaV. G. Trunov

PHYSIOLOGY OF ANIMALS AND HUMANS | 09 June 2025 | Article: 59

Mechanisms for Maintaining the Diversity of Woody Plants in an Evergreen Broadleaved Forest on Con Dao Archipelago, Southern Vietnam

Nguyen Van QuyPham Van DienNguyen Hong Hai

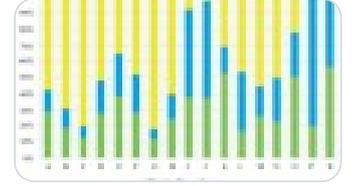

OriginalPaper | 09 June 2025 | Article: 58

Identification and Quantification of Fatty Acid Profile of Muscle and Gametes in Threatened Abant Trout (*Salmo abanticus*) from Wild

Esin ÖzçiçekFiliz Kutluyer KocabaşÖkkeş Yılmaz

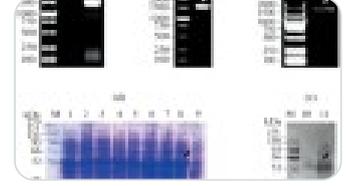

OriginalPaper | 09 June 2025 | Article: 57

Molecular Characterization of Trehalose-6-Phosphate Synthetase 2 in *Nosema bombycis*

Min LingChenxiao DongYiling Zhang

OriginalPaper | 09 June 2025 | Article: 56

Alfalfa (*Medicago sativa*) Leaves Mediated Synthesis of Silver Nanoparticles and Assessment of Their Cytotoxic Effects on Various Cancer Cell Lines

Tunay KaranBüşra Moran

OriginalPaper | 09 June 2025 | Article: 55

Effect of Plant Growth Regulators on Flowering Traits and Physiological Characteristics of *Dendrobium denneanum*

Siyu HeYijun FanAoxue Luo

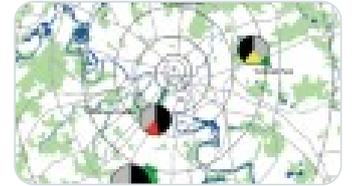

OriginalPaper | 09 June 2025 | Article: 54

Diversity of Alleles of the Main Histocompatibility Complex in the Striped Field Mouse (*Apodemus agrarius* Pallas, 1971) in Moscow Parks

N. Yu. FeoktistovaT. N. KarmanovaA. V. Surov

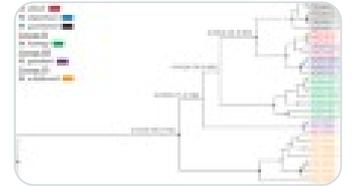

OriginalPaper | 09 June 2025 | Article: 53

Phylogeny of *Microtus elbeyli* and Assignment to Subspecies Level Based on Mitochondrial Data

Derya ÇetintürkNuri YiğitErcüment Çolak

OriginalPaper | 09 June 2025 | Article: 52

Fertility Variation in Clonal Seed Orchards and Their Base Populations of Black Pine

Nebi BilirAhmet Alper BabalıkTuğçe Baloğlu Ertaş

OriginalPaper | 09 June 2025 | Article: 51

Biological Diversity of Causative Agents of Eimeriosis in Rabbits in the Foothills of Armenia

R. E. Barseghyan S. O. Movsesyan M. V. Vardanyan

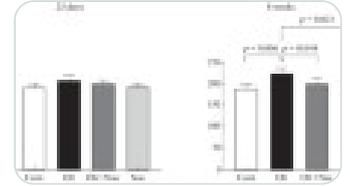

OriginalPaper | 09 June 2025 | Article: 50

Maternal High Fat Diet Alters Hypothalamic NPY and Gastric Hormone Ghrelin Levels in Offspring: Protective Role of N-Acetylcysteine in Early Obesity Programming

Elfide Gizem Bakirhan Kıymet Kübra Tüfekci

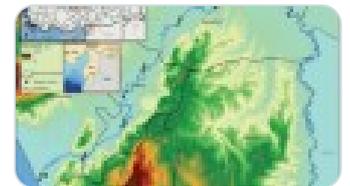

OriginalPaper | 09 June 2025 | Article: 49

New Myxomycetes (Myxogastria) Records from Türkiye: A New Genus and Two Species from Hatay

H. Baba S. Narin M. Sevindik

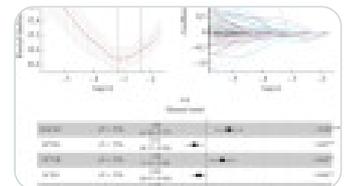

OriginalPaper | 09 June 2025 | Article: 48

Value of Fatty Acid Metabolism-Related Genes as Individual Risk Prediction Model for Clear Cell Renal Cell Carcinoma

Tingting Gan Xing Liu Wenbin Wang

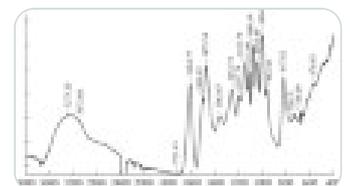

OriginalPaper | 20 May 2025 | Article: 47

Prevention of Carbohydrate Metabolism Disorders in Rats by the Phlorotannins Complex of the Marine Brown Alga Sargassum pallidum under an Acute Alcohol Impact

V. G. Sprygin S. E. Fomenko N. F. Kushnerova

OriginalPaper | 20 May 2025 | Article: 46

Assessing the Impacts of Air Pollution on Lichens of Darjeeling through Air Pollution Tolerance Index

Kushankur Sarkar Amalesh Ishore Archan Bhattacharya

OriginalPaper | 20 May 2025 | Article: 45

The Taxonomic Status and Histological Features of Gonads of the Giant Redfish of the Genus Sebastes

A. Y. Rolskii V. S. Artamonova E. A. Filina

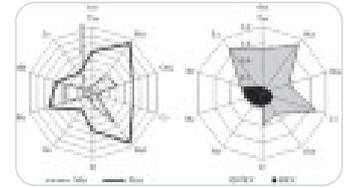

OriginalPaper | 20 May 2025 | Article: 44

Ecological Characteristics of Habitats and the State of Cenopopulations of *Dianthus superbis* L. (Caryophyllaceae Juss.)

G. O. Osmanova

OriginalPaper | 20 May 2025 | Article: 43

Technogenic Pollution and Salinization of Man-Made Reservoirs in the Cis-Urals: Main Causes and Consequences for the Composition of Fish Communities

M. V. LarionovB. G. Kotegov

OriginalPaper | 20 May 2025 | Article: 42

A Comparative Analysis of Complete Mitochondrial Genomes of Two Tyulka *Clupeonella* Kessler, 1877 (Actinopterygii: Clupeidae) Species Allowed to Clarify Their Evolutionary History in the Ponto-Caspian Region

D. P. KarabanovN. V. KozlovaA. A. Kotov

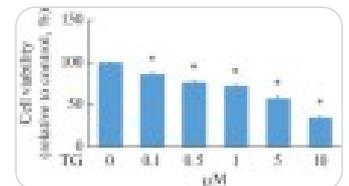

OriginalPaper | 20 May 2025 | Article: 41

Contribution of p38 MAPK to Endoplasmic Reticulum Stress-Mediated Apoptosis in Cardiomyocytes

Hongyun JinZhihua GuoXing Chen

OriginalPaper | 20 May 2025 | Article: 40

Study of the Ecology of the Eurasian Pygmy Shrew (*Sorex minutus* L.) in the European Part of Its Range: Report I. Quantity, Biotopic Distribution, Daily Activity, and Feeding Habits

E. V. Ivanter

OriginalPaper | 20 May 2025 | Article: 39

The Epiphytic Bryophyte Vegetation of the Karçal Mountains (Artvin, Türkiye)

Nevzat BatanOsman ÖzcanMevlüt Alataş

OriginalPaper | 20 May 2025 | Article: 38
