Paeoniflorin Attenuates Fumonisin B1-Induced Cytotoxicity by Inhibiting the p38 MAPK Pathway in 3D4/21 Cells

OriginalPaper | 26 November 2025 | Article: 271

Dynamics of the Short-Term and Long-Term Acclimation in Large Diatom *Ditylum brightwellii* (T. West) Grunow to High Light Intensity

OriginalPaper | 26 November 2025 | Article: 270

Cortinarius suillonigrescens (Cortinariaceae, Agaricales): A Rare Species Newly Recorded from Türkiye

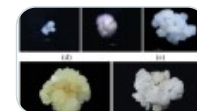

OriginalPaper | 26 November 2025 | Article: 269

Haemosporidian Blood Parasites Diversity and Prevalence in the Vietnamese Greenfinch (*Chloris monguilloti*), with Special Reference to the cyt *b* Lineage hCARCHL01 (H147)

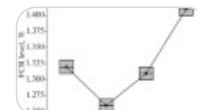

OriginalPaper | 26 November 2025 | Article: 268

Advancing Coconut Micropropagation through Cell Suspension Cultures

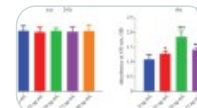

OriginalPaper | 26 November 2025 | Article: 267

Effects of Oral Administration of Bovine Rumen Fluid on Growth Performance, Blood Parameters, and Intestinal Microbiota in Rainbow Trout (*Oncorhynchus mykiss*)

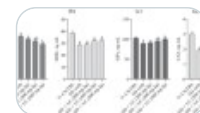

OriginalPaper | 26 November 2025 | Article: 266

Conditioned Medium from R-Spondin1-Activated Human Umbilical Cord Mesenchymal Stem Cells Promotes Biological Functions of Human Umbilical Vein Endothelial Cells

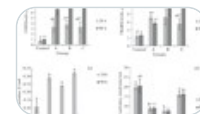

OriginalPaper | 26 November 2025 | Article: 265

L-Citrulline Ameliorates Sleep Deprivation-Induced Oxidative Stress, Inflammation and Haematological Alterations in Adult Female Wistar Rats

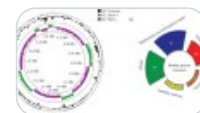

OriginalPaper | 26 November 2025 | Article: 264

Oxidative and Antioxidant Responses in *Daphnia magna* Following Exposure to Sub-Lethal Glyphosate Concentrations

OriginalPaper | 26 November 2025 | Article: 263

Phenotypic and Whole Genome Analysis Depicts the Probiotic Potential of *Lactiplantibacillus plantarum* CF-7 Isolated from the Calf's Gut

OriginalPaper | 26 November 2025 | Article: 262

Morpho-Anatomical and Molecular Characterization of *Puccinia abrupta* Parasitizing Noxious Weed (*Parthenium hysterophorus* L.) in Pakistan

OriginalPaper | 26 November 2025 | Article: 261
