Articles

A Accumulation and decay of woody detritus in a humid subtropical secondary pine forest

Megan L. Mobley, Daniel deB. Richter, Paul R. Heine

» [Abstract](#)

Canadian Journal of Forest Research, 2013, 43(2): 109-118, 10.1139/cjfr-2012-0222

A A tree-community-level analysis of successional status and gap-phase and postfire regeneration of range-margin *Thuja plicata* (western redcedar)

David A. McKenzie, Daniel B. Tinker

» [Abstract](#)

Canadian Journal of Forest Research, 2013, 43(2): 119-128, 10.1139/cjfr-2012-0333

A Population-averaged predictions with generalized linear mixed-effects models in forestry: an estimator based on Gauss–Hermite quadrature

Mathieu Fortin

» [Abstract](#)

Canadian Journal of Forest Research, 2013, 43(2): 129-138, 10.1139/cjfr-2012-0268

» [Abstract](#)
Sixty-year effects of deciduous removal on white spruce height growth and site index in the Western Boreal

Diana E. Osika, Kenneth J. Stadt, Philip G. Comeau, Daniel A. MacIsaac

» [Abstract](#)

Canadian Journal of Forest Research, 2013, 43(2): 139-148, 10.1139/cjfr-2012-0169

» [Abstract](#)
Allometric equations for estimating canopy fuel load and distribution of pole-size maritime pine trees in five Iberian provenances

Enrique Jiménez, José Antonio Vega, José María Fernández-Alonso, Daniel Vega-Nieva, Juan Gabriel Álvarez-González, Ana Daría Ruiz-González

» [Abstract](#)

Canadian Journal of Forest Research, 2013, 43(2): 149-158, 10.1139/cjfr-2012-0374

» [Abstract](#)
Influence of dam regulation on 55-year canopy shifts in riparian forests

Sarah E. Johnson, Donald M. Waller

» [Abstract](#)

Canadian Journal of Forest Research, 2013, 43(2): 159-170, 10.1139/cjfr-2012-0390

» [Abstract](#)
Assessing the changing effects of forest harvesting on nature-based tourism: a case of sport-fishing tourism in Ontario, Canada

Len M. Hunt, Brian Kolman, Peter Boxall

» [Abstract](#)

Canadian Journal of Forest Research, 2013, 43(2): 171-179, 10.1139/cjfr-2012-0262

» [Abstract](#)
Tree species and earthworm effects on soil nutrient distribution and turnover in a northeastern United States common garden

April M. Melvin, Christine L. Goodale

» [Abstract](#)

Canadian Journal of Forest Research, 2013, 43(2): 180-187, 10.1139/cjfr-2012-0187

» [Abstract](#)
Long-term impact of fire on high-altitude balsam fir (*Abies balsamea*) forests in south-central Quebec deduced from soil charcoal

Pierre-Luc Couillard, Serge Payette, Pierre Grondin

» [Abstract](#)

Canadian Journal of Forest Research, 2013, 43(2): 188-199, 10.1139/cjfr-2012-0414

» [Abstract](#)
Physical and mechanical wood properties of ring-shaken chestnut (*Castanea sativa*) trees

M. Romagnoli, S. Spina

» [Abstract](#)

Note

Contrasting leaf phenology in two white oaks, *Quercus magnoliifolia* and *Quercus resinosa*, along an altitudinal gradient in Mexico

Erasto Hernández-Calderón, Antonio González-Rodríguez, Rodrigo Méndez-Alonzo, Ernesto Vega-Peña, Ken Oyama
