Contents continued from back cover

- S.R. Milograna, M.R. Ribeiro, M.M.A. Baqui and J.C. McNamara** 90 Pigment granule translocation in red ovarian chromatophores from the palaemonid shrimp *Macrobrachium olfersi* (Weigmann, 1836): Functional roles for the cytoskeleton and its molecular motors
- C. Damsgaard, I. Findorf, S. Helbo, Y. Kocagoz, R. Buchanan, D.T.T. Huong, R.E. Weber, A. Fago, M. Bayley and T. Wang** 102 High blood oxygen affinity in the air-breathing swamp eel *Monopterus albus*
- J.C. Havird, R.C. Vaught, J.R. Weeks, Y. Fujita, M. Hidaka, S.R. Santos and R.P. Henry** 109 Taking their breath away: Metabolic responses to low-oxygen levels in anchialine shrimps (Crustacea: Atyidae and Alpheidae)
- A. Zikos, A.P. Seale, D.T. Lerner, E.G. Grau and K.E. Korsmeyer** 121 Effects of salinity on metabolic rate and branchial expression of genes involved in ion transport and metabolism in Mozambique tilapia (*Oreochromis mossambicus*)
