Alpha-Linolenic Land and Eicosapentaenoic Ocean: Possible Reasons for Distinctions in the Fatty Acid Composition of Major Producers

OriginalPaper | 09 February 2026 | Pages: 1 - 23

Influence of Humic Substances on Phytoplankton Primary Production and Community Structure: A Review

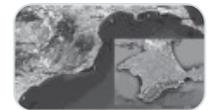

OriginalPaper | 09 February 2026 | Pages: 24 - 33

Distribution Patterns of *Tubifex tubifex* (Oligochaeta, Tubificinae) Genetic Lineages in Relation to Environmental Factors in the Vychegda River Basin

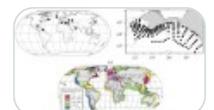

OriginalPaper | 09 February 2026 | Pages: 34 - 46

Ichthyoplankton Complexes of the Coastal Waters of Southeastern Crimea

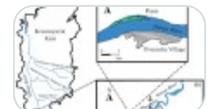

OriginalPaper | 09 February 2026 | Pages: 47 - 58

Regional Resilience of Coastal Plankton Communities to Global Warming

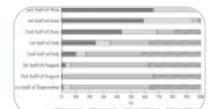

OriginalPaper | 09 February 2026 | Pages: 59 - 73

Quantitative Characteristics and Age Structure of *Apatania cymophila* Larvae on Aquatic Moss of the Yenisei River Downstream of a High-Pressure Hydroelectric Plant

OriginalPaper | 09 February 2026 | Pages: 74 - 84

Dynamics of the Reproduction and Population Structure of Northern Red-Backed Vole *Myodes rutilus* Pallas, 1779 in the Northern Taiga of Western Siberia

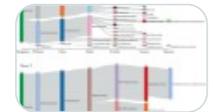

OriginalPaper | 09 February 2026 | Pages: 85 - 95

Wound Infection of Mongolian Marmot (*Marmota sibirica*) Populations with Pseudotuberculosis as a Trigger for Speciation of the Plague Microbe *Yersinia pestis*

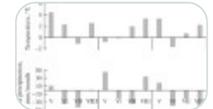

OriginalPaper | 09 February 2026 | Pages: 96 - 104

Study of the Bacterial Community of Nest Litter from the Burrows of Long-Tailed Gopher by Metagenomic Analysis

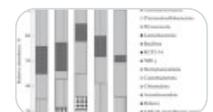

OriginalPaper | 09 February 2026 | Pages: 105 - 111

Interannual Variability of Ecosystem Exchange of CO₂ and H₂O in the Middle Taiga Cowberry–Lichen Pine Forest in the European Northeast of Russia

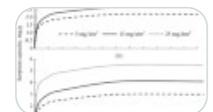

OriginalPaper | 09 February 2026 | Pages: 112 - 121

Diversity of Microbial Communities in the Soils of Different Natural and Technogenic Ecosystems of the Meshchera Lowland

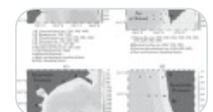

OriginalPaper | 09 February 2026 | Pages: 122 - 137

Biosorption of Rare-Earth Elements from Aqueous Solutions and Their Mineralization by Microscopic Fungi

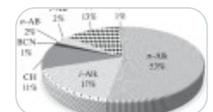

OriginalPaper | 09 February 2026 | Pages: 138 - 147

Oil Pollution Assessment of Coastal Marine Water Areas of the Kamchatka Peninsula Based on Microbial Indication

OriginalPaper | 09 February 2026 | Pages: 148 - 159

Behavior of Diesel Fuel Hydrocarbons in Soils of the Far North after Accidental Contamination

OriginalPaper | 09 February 2026 | Pages: 160 - 168
