

Volume 521, Issue 1

March 2025

10 articles in this issue

The U–Th–He System in Ore and Accessory Minerals from Metasomatic Rocks: Testing Potential Thermochronometers from the Salla-Kuolayarvi Zone

M. A. GannibalA. E. GannibalV. V. Kolobov

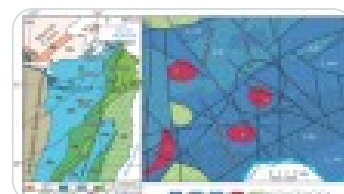

MINERALOGY | 13 April 2025 | Article: 10

Ore-Generating Reduced Granitoids of the Albazino Gold Deposit, Khabarovsk Krai: Age, Geochemistry, and Petrogenesis

M. V. KiselevI. A. AlexandrovV. V. Ratkin

PETROLOGY | 13 April 2025 | Article: 9

Application of Dynamic Light Scattering for Assessing the Content of Large Colloidal and Suspended Particles in River Waters

V. M. Shulkin

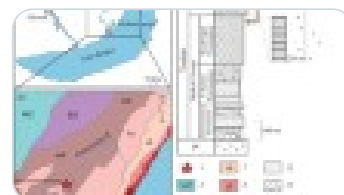

GEOCHEMISTRY | 13 April 2025 | Article: 8

New Findings of Vendian Macrofossils in the Upper Precambrian of Western Cisbaikalia

A. V. KolesnikovA. V. ShatsilloB. G. Pokrovsky

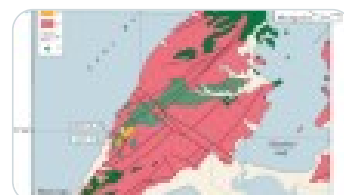

STRATIGRAPHY | 13 April 2025 | Article: 7

Age of Formation of Svyatonosites of the Svyatoi Nos Peninsula, Lake Baikal (U/Pb and ⁴⁰Ar/³⁹Ar Data)

E. I. MikheevA. V. TravinE. N. Moroz

GEOLOGY | 13 April 2025 | Article: 6

Degradation of Frozen Hydrate-Bearing Saline Rocks under Thermal Influence from Below and Above

L. I. LobkovskyM. M. RamazanovN. S. Bulgakova

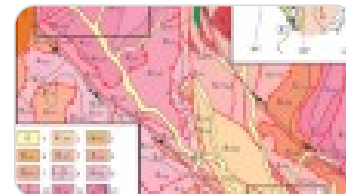

GEOPHYSICS | 13 April 2025 | Article: 5

New Data on Mesoproterozoic Picrite–Picrobasalt Volcanism (North Yenisei Ridge)

P. S. KozlovA. D. NozhkinA. A. Krylov

PETROLOGY | 13 April 2025 | Article: 4

Hydrothermal Gold in Quartz Veins of the Neoproterozoic Rocks of the Bolshoi Karatau Ridge (Tien Shan Range)

V. S. ZhdanovaS. Yu. StepanovA. V. Korneev

GEOLOGY OF ORE DEPOSITS | 13 April 2025 | Article: 3

The Rossosh Domain Is a Fragment of the Mesoarchean Granite–Greenstone Area of Sarmatia: Results of Geochronological and Isotopic Studies of Felsic Volcanic Rocks

R. A. TerentievK. A. SavkoYe. H. Korish

GEOLOGY | 13 April 2025 | Article: 2

The Age of the Urlesh Formation (Basal Level of the Paleozoic Succession of the Northern Slope of the Greater Caucasus) and the Sources of Its Clastic Material

N. B. KuznetsovA. A. RazumovskiyV. S. Sheshukov

GEOLOGY | 13 April 2025 | Article: 1
