Assessment of Zinc Content in Agroecosystems of the Central Chernozem Region of Russia

GEOECOLOGY | 23 October 2025 | Article: 19

What Is Going on with Intrasecular Water Level Fluctuations in Great Lakes of Eurasia?

PROBLEMS OF TERRESTRIAL WATERS | 23 October 2025 | Article: 18

Azimuthal Distribution of Dominant Periods of Tsunami Waves Formed by Coseismic Bottom Displacements

OCEANOLOGY | 23 October 2025 | Article: 17

Numerical Thermodynamic Model of the H₂O–LiCl–CaCl₂ Fluid System for a Temperature Range from –77 to +50°C

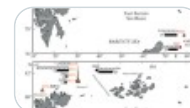

GEOCHEMISTRY | 23 October 2025 | Article: 16

Some Features of Evolution of Bulk Chemical Composition of Clay Rocks of the Upper Precambrian Sedimentary Groups: Example of South Urals

GEOCHEMISTRY | 23 October 2025 | Article: 15

Concentrations and Composition of Hydrocarbons in Ice and Surface Microlayer of the Barents and Kara Seas in July–August 2024

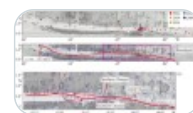

GEOCHEMISTRY | 23 October 2025 | Article: 14

Erratum to: The Lower Proterozoic Metasandstones of the Sakukan Formation of the Udokan Complex of the South of the Siberian Craton—A Unique Object for the Early Precambrian Paleomagnetism?

Erratum | 23 October 2025 | Article: 13

Characteristics of the Antarctic Bottom Water Transport through the Vema Fracture Zone Based on Measurements and Numerical Modeling

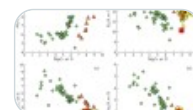

OCEANOLOGY | 17 October 2025 | Article: 12

Late Quaternary Strike-slip Rate and Holocene Paleo-earthquake Events of the Longmu Co-Dulishihu Fault (Longmu Co Segment) in the Western Tibetan Plateau

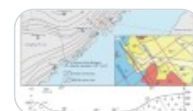

SEISMOLOGY | 17 October 2025 | Article: 11

Two Generations of Clinopyroxene Phenocrysts in Ultrapotassic Lavas (Lamproites) of the Quaternary Subglacial Gaussberg Volcano (East Antarctica)

MINERALOGY | 17 October 2025 | Article: 10

Analysis of the Geothermal Formation Model in the Guanqiao Area, Fujian Province, China

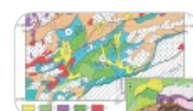

GEOCHEMISTRY | 17 October 2025 | Article: 9

Thermal State of the Lithospheric Mantle Beneath the Birekte Terrane: Reconstructions Based on the Study of Xenocrysts from Different-Aged Kimberlites of the Yakutian Kimberlite Province

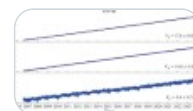

GEOCHEMISTRY | 17 October 2025 | Article: 8

Age and Tectonic Setting of Volcanic Rocks of the Olov Basin in the West Transbaikalian Rift System

GEOLOGY | 17 October 2025 | Article: 7

Postglacial Motions and Gravity Field Variations within the Baltic Shield

GEOPHYSICS | 02 October 2025 | Article: 6

Disturbance of Geophysical Fields during a Strong Earthquake in Myanmar on March 28, 2025 ($M = 7.7$)

GEOPHYSICS | 02 October 2025 | Article: 5

Granites of the Middle Jurassic Ariadnenskii Ultrabasicite-Basite Intrusion in the Jurassic Accretionary Prism (Sikhote-Alin, Russia)

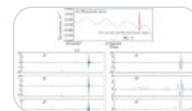

**Lead Isotope Sign of the Mantle Material Contribution to the Formation of Tin Ore Deposits
(by the Example of the Khingan-Badzhai-Komsomolsk Metallogenic Zone, the Far East)**

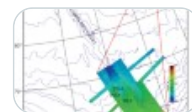

GEOLOGY OF ORE DEPOSITS | 02 October 2025 | Article: 3

**Research on the Identification of Some Precursory Abnormal Observations in Wuhai Area
Since 2019 Based on Multifractal and Wavelet Analysis**

GEOLOGY | 02 October 2025 | Article: 2

**The Carboniferous and Permian Granitoids from Terrigenous Sediments in the Junction Zone
of the Gakkel Ridge with the Laptev Sea Continental Margin of Eurasia: Composition
Affinities, Age Substantiation and Possible Sources**

GEOLOGY | 02 October 2025 | Article: 1
