Series of Strong Earthquakes in the Southwest Alaska in 2020–2021: Has the Shumagin Gap Closed?

I. S. Vladimirova & Yu. V. Gabsatarov

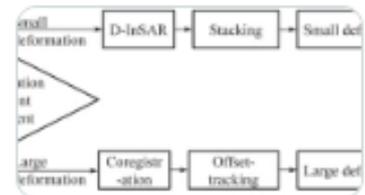

SEISMOLOGY | 04 December 2025 | Article: 48

Monitoring and Analysing Mining Subsidence by Integrating Dinsar and Technology Offset_tracking

Ruonan Zhao, Junfeng Li ... Sui Weihao

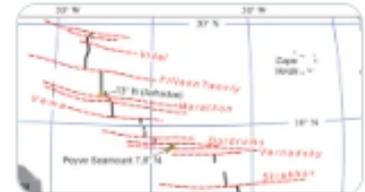

GEODYNAMICS | 04 December 2025 | Article: 47

General Patterns of Plutonic Evolution of MORB-Type Magmas in Central Atlantic: Crystal Differentiation, Redox Reactions, and Composition of Residual Granitoid Melts

K. N. Sholukhov, A. N. Pertsev ... N. S. Bortnikov

PETROLOGY | 04 December 2025 | Article: 46

Formation and Metamorphism Age of PGE–Cu–Ni–Bearing Intrusions of the Southern Frame of the Monchegorsk Pluton (Kola Peninsula): New Sm–Nd Data

P. A. Serov & V. V. Chashchin

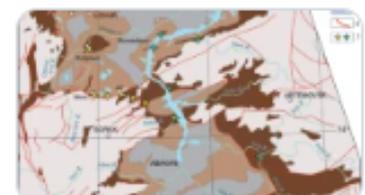

GEOCHEMISTRY | 04 December 2025 | Article: 45

Evidence for Non-dipole Sources in the Devonian Geomagnetic Field from Analysis of Paleomagnetic Vectors in Rocks of the Minusa Depression (Southern Siberia)

D. V. Metelkin, M. E. Luzan ... V. Yu. Bragin

GEOLOGY | 04 December 2025 | Article: 44

Structure of the Autotrophic Component of the Biological Carbon Pump in the Western Periphery of the Central Arctic Basin in Summer 2021

V. A. Silkin, L. A. Pautova ... L. I. Lobkovsky

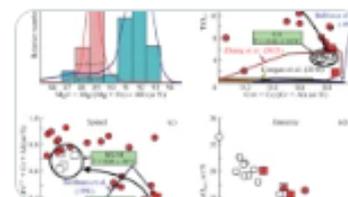

OCEANOLOGY | 21 November 2025 | Article: 43

Compositions of Crystalline Inclusions in Magmatic Olivine from the Udachnaya–East Kimberlite Pipe (Siberian Craton): Crystallization Temperature Estimates for Such Associations by Using Mineral Geothermometers

A. V. Golovin, A. A. Tarasov ... N. P. Pokhilenko

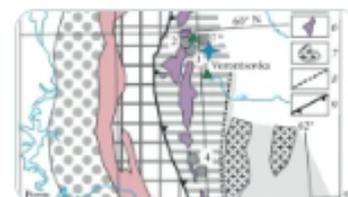

PETROLOGY | 21 November 2025 | Article: 42

Post–Ore Basite Dykes of the Vorontsovka Gold Deposit (Northern Urals, Russia)—Early Carboniferous Impulse of Post–Collisional Magmatism

I. V. Vikentyev, O. V. Vikent'eva ... V. V. Murzin

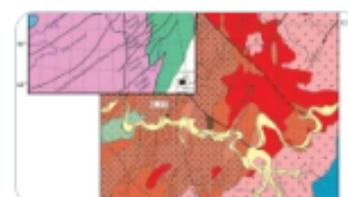

GEOLOGY OF ORE DEPOSITS | 21 November 2025 | Article: 41

Age and Sources of the Protolith of Amphibolites of the Tulovchikha Formation in the Northeastern Bureya Continental Massif of the Central Asian Orogenic Belt

R. O. Ovchinnikov, A. A. Sorokin ... N. M. Kudryashov

GEOLOGY | 21 November 2025 | Article: 40

Geodynamic Settings and Provenance of the Upper Jurassic Deposits in the Kameshkov Depression of the Chukchi Terrane (Western Chukotka)

E. V. Vatrushkina, M. I. Tuchkova & S. D. Sokolov

GEOLOGY | 21 November 2025 | Article: 39

Age of Metamorphism in the Belomorian Province (Fennoscandian Shield): U–Pb Geochronological Studies of Monazite from Aluminous Gneisses of the Chupa Belt

M. A. Sukhanova, E. B. Salnikova ... A. V. Kervinen

GEOLOGY | 21 November 2025 | Article: 38

Paleoceanological Conditions on the Northern Segment of the Mohns Ridge (Norwegian Sea) at the End of the Middle Pleistocene Based on the Dinocyst Analysis

T. S. Klyuvitkina, E. A. Novichkova ... M. D. Kravchishina

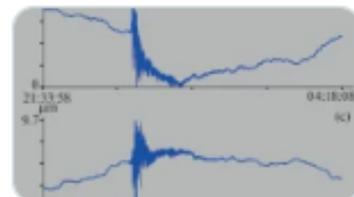

OCEANOLOGY | 12 November 2025 | Article: 37

Deformation Anomalies of the Tsunamigenic Earthquake of July 29, 2025

G. I. Dolgikh, Yu. N. Kulchin ... A. V. Myasnikov

SEISMOLOGY | 12 November 2025 | Article: 36

The Rupture Surface Model of the July 29, 2025 Mw 8.8 Kamchatka Earthquake Based on Satellite Geodesy and Interferometry Data

V. O. Mikhailov, A. M. Konvisar ... D. V. Chebrov

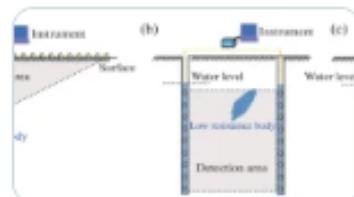

SEISMOLOGY | 12 November 2025 | Article: 35

Borehole-Ground-Borehole Resistivity Imaging Method Applied for Low Water Level Conditions

Yonghao Pang, Zhimiao Yu ... Donghai Liu

GEOPHYSICS | 12 November 2025 | Article: 34

Paleocryogenic Structures of the Late Pleistocene in the Severnaya Dvina River Valley

R. S. Shukhvostov, N. E. Zaretskaya ... A. L. Zakharov

PALEOGEOGRAPHY | 12 November 2025 | Article: 33

Genesis of Cenozoic Volcanism in the Baikal Rift: The Role of Garnet-Pyroxenite Source Melting in the Lithospheric Mantle

E. I. Demonterova & A. V. Ivanov

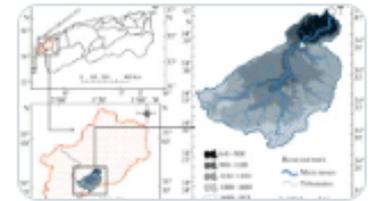

GEOCHEMISTRY | 12 November 2025 | Article: 32

Analysis of Relationships between Rainfall, Stream Flow, and Climate Indices Using the Wavelet Method: the Case of Wadi Khemis, Northwestern Algeria

Khadija Timi, Kamila Baba-Hamed ... Azzeddine Reghais

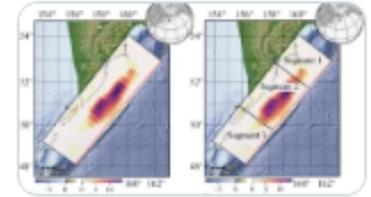

CLIMATIC PROCESSES | 12 November 2025 | Article: 31

Tsunami on July 29 (30), 2025 in the Kamchatka–Kuril Zone: Instrumental Observation and Modeling

I. S. Kostenko, A. I. Zaytsev & E. N. Pelinovsky

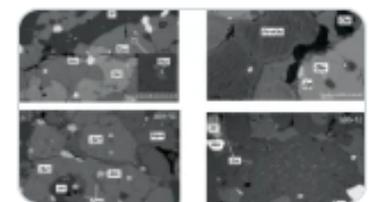

SEISMOLOGY | 12 November 2025 | Article: 30

Xenoliths of Mafic Granulites from the Udachnaya–East Kimbelite Pipe: Evidence of Metamorphic Evolution

A. S. Morozova, L. Ya. Aranovich ... L. N. Pokhilenko

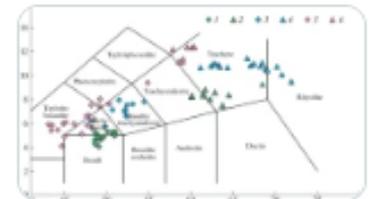

PETROLOGY | 12 November 2025 | Article: 29

Three Paths of Magma Evolution during the Formation of Late Cenozoic Bimodal Volcanic Rock Series in Central and East Asia

O. A. Andreeva, V. M. Savatenkov ... J. Zhou

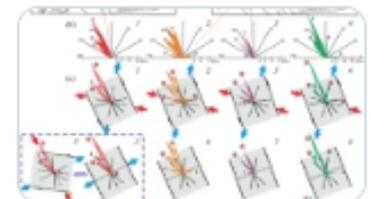

PETROLOGY | 12 November 2025 | Article: 28

The Natakinskoe Gold Deposit: Formation Conditions Based on Paragenetic Analysis of Dike and Ore Vein Networks

K. Zh. Seminsky, J. P. Burzunova ... N. S. Bortnikov

GEOLOGY OF ORE DEPOSITS | 12 November 2025 | Article: 27

Solovetsky Archipelago in the Late Pleistocene–Holocene: Correlation of Marine and Land Research Data

A. E. Rybalko, T. Yu. Repkina ... L. A. Savelieva

GEOLOGY | 12 November 2025 | Article: 26
