

Volume 526, Issue 1

July 2026

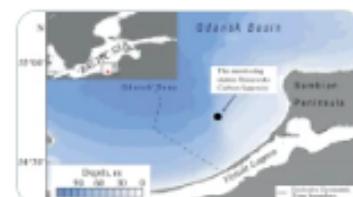

21 articles in this issue

Seasonal Dynamics of Phytoplankton Photosynthetic Activity Parameters in the Baltic Sea

K. A. Borovkova, S. A. Mosharov & S. K. Gulev

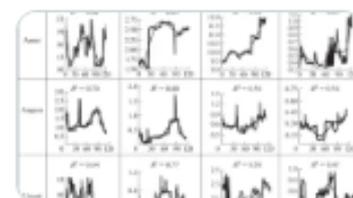

GEOECOLOGY | 25 January 2026 | Article: 21

Preservation of Structural and Dynamic Properties of Natural Water during Its Conditioning

V. I. Danilov-Danilyan, O. M. Rosenthal & A. G. Sambursky

GEOECOLOGY | 25 January 2026 | Article: 20

Turbidite Channels in the Distal Bengal Fan, the Central Indian Ocean Basin

O. V. Levchenko & Y. G. Marinova

OCEANOLOGY | 25 January 2026 | Article: 19

Reevaluating the Magnitude of the 1785 Yumen Earthquake through Multidisciplinary Approaches: a Case Study in Western Gansu, China

Taiming He, Jian Wang ... Jie Yin

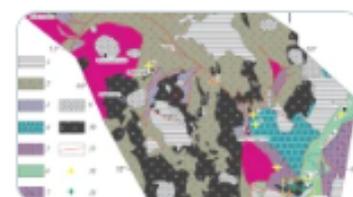

SEISMOLOGY | 25 January 2026 | Article: 18

Early Silurian Age of Skarns of the Ichkeulmes Cu–Au Deposit (Northern Kazakhstan): Results of U–Pb (ID-TIMS) Geochronological Studies of Garnet

A. A. Tretyakov, K. E. Degtyarev ... N. K. Kasenova

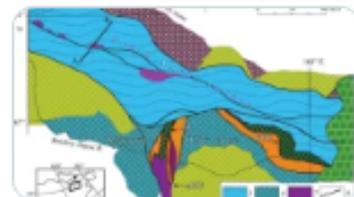

GEOLOGY OF ORE DEPOSITS | 25 January 2026 | Article: 17

The First Data on the Age (U–Th–Pb SIMS) and Composition of Rocks in the Serpentinite Melanges of the Polyarninsky Uplift of the South Anyui Suture (Northeast Asia)

A. V. Ganelin & S. D. Sokolov

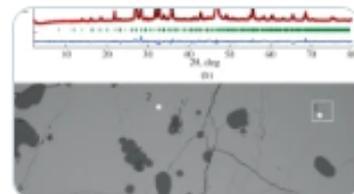

GEOLOGY | 25 January 2026 | Article: 16

Nanostructural Features of Non–Stoichiometric Bornite (Volkovskoye Deposit, Middle Urals)

A. I. Morokhin, I. S. Pavlov ... A. L. Vasiliev

MINERALOGY | 14 January 2026 | Article: 15

The First Chemostratigraphic Curve of $\delta^{13}\text{C}_{\text{org}}$ for the Upper Permian of Verkhoyanie, Northeast Russia, and Its Correlation with the Shangsi Section, South China

A. S. Biakov, R. V. Kutygin ... S. S. Burnatny

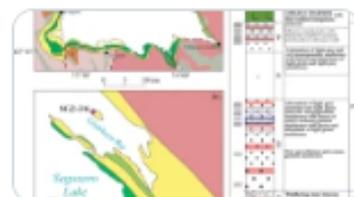

STRATIGRAPHY | 14 January 2026 | Article: 14

The first Data on the Age of Xenotime from Argillites of the Segezzero Structure (Karelian Craton): Results of U–Pb (ID TIMS) Geochronological Studies

M. A. Sukhanova, E. B. Salnikova ... K. N. Bessmertnyi

GEOLOGY | 14 January 2026 | Article: 13

A Fragment of the Cambrian Residual Basin of the Paleo–Asian Ocean in the Southern Folded Framing of the Siberian Platform

S. I. Shkolnik & E. F. Letnikova

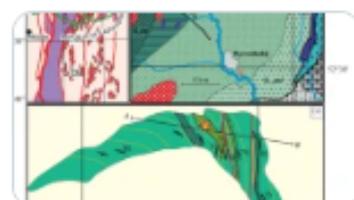

GEOLOGY | 14 January 2026 | Article: 12

Early Cambrian U/Pb (SIMS) Zircon Age from Carbonate–Silicate Apovolcanogenic Metasomatites in the Chulaksaj Formation Stratotype Section in the East of the South Urals

A. V. Ryazantsev

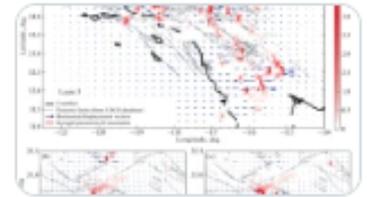

GEOLOGY | 14 January 2026 | Article: 11

Seismogenic-Induced Softening of the Earth Crust

V. G. Bondur, M. B. Gokhberg ... D. A. Alekseev

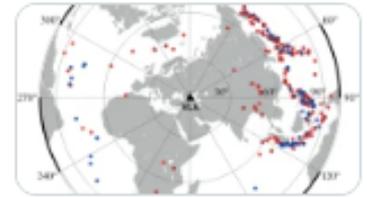

SEISMOLOGY | 14 January 2026 | Article: 10

Structure and Geomechanical Properties of the Earth's Crust and Upper Mantle of the Foothill Part of North Ossetia

B. A. Dzeboev, B. V. Dzeranov ... S. I. Oreshin

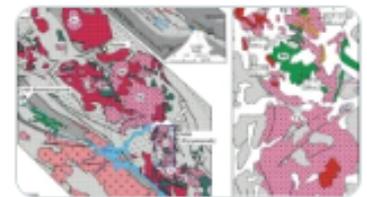

GEOFYSICS | 14 January 2026 | Article: 9

Early Permian Gabbro-granite Magmatism in Southern Rudny Altai: First U–Pb Geochronological and Geochemical Data

S. V. Khromykh, E. A. Il'icheva ... A. V. Naryzhnova

PETROLOGY | 14 January 2026 | Article: 8

Reconstruction of the Age of Provenances for the Rare Metal-Titanium Placers of the Upper Neogene Ergeninskaya Formation (Karpinsky Ridge, Epi-Hercynian Scythian Platform)

A. V. Chefranova, V. P. Kovach ... B. M. Gorohovskiy

GEOLOGY OF ORE DEPOSITS | 14 January 2026 | Article: 7

Structure and Evolution of the Davis and Obruchev Archaean Terranes Based on the First Comprehensive Isotopic-Geochronological Studies of the Denman Glacier Region (East Antarctica)

V. A. Maslov, V. D. Kaminsky ... D. M. Vorobiev

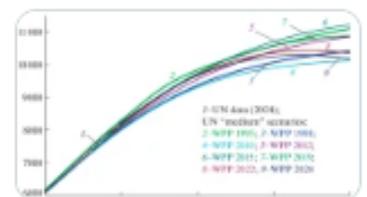

GEOLOGY | 14 January 2026 | Article: 6

Fertility Decrease and Rising Volcanic Activity Can Stop Global Warming

V. V. Klimenko, A. G. Tereshin & O. V. Mikushina

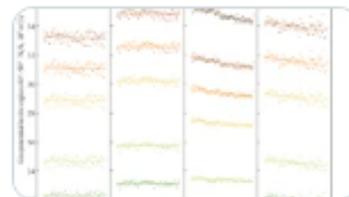

CLIMATE PROCESSES | 14 January 2026 | Article: 5

Evolution of the Stratospheric Polar Vortex Activity over 85 Years

V. V. Zuev & E. S. Savelieva

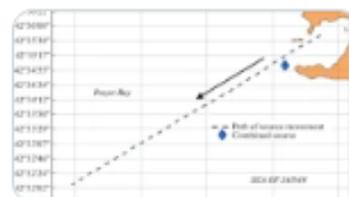

PHYSICS OF ATMOSPHERE AND HYDROSPHERE | 14 January 2026 | Article: 4

Experimental Study of Spatial Structure Formation in Scalar-Vector Sound Fields Generated by a Towed Source in Shallow Sea

V. V. Bezotvetnykh, E. A. Voitenko ... Yu. N. Morgunov

OCEANOLOGY | 14 January 2026 | Article: 3

Ancestral Northern Red-Backed Vole from the Early Pleistocene of Western Siberia

A. V. Borodin & A. S. Tesakov

PALEONTOLOGY | 14 January 2026 | Article: 2

Evolution of the Composition of Mantle Micas in the Presence of the Oceanic Crustal Material

A. A. Bendeliani, E. S. Gornova ... N. N. Eremin

MINERALOGY | 14 January 2026 | Article: 1
