ORIGINAL PAPERS

Assessment of extensive countrywide electrical power quality measurements through a database architectureD. Küçük · Ö. Salor · M. Güder · T. Demirci ·
T. İnan · Y. Akkaya · I. Çadırcı · M. Ermiş 1**Digital QFT robust control of DC–DC current-mode converters**

C. Olalla · C. Carrejo · R. Leyva · C. Alonso · B. Estibals 21

Core lamination selection for distribution transformers based on sensitivity analysisJ.C. Olivares-Galvan · P.S. Georgilakis ·
E. Campero-Littlewood · R. Escarela-Perez 33**Companion harmonic circuit models for transient studies**

H. Garcia · M. Madrigal 43

Non-convex economic dispatch with heuristic load patterns, valve point loading effect, prohibited operating zones, ramp-rate limits and spinning reserve constraints using harmony search algorithm

R. Arul · G. Ravi · S. Velusami 53
