

Volume 58, Issue 11
November 2025

Geoderma Soil Science

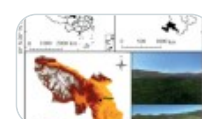

29 articles in this issue

CO₂ Production in Tropical Hydromorphic Soils Induced by Low Doses of Isopropylamine Salt Application

SOIL CHEMISTRY | 20 October 2025 | Article: 168

Effect of Grazing on the Properties of Soils in the Northeastern Qinghai-Tibet Plateau

DEGRADATION, REHABILITATION, AND CONSERVATION OF SOILS | 20 October 2025 | Article: 167

Ecotoxicological Assessment of Coffee Waste As Component of Organic Fertilizers

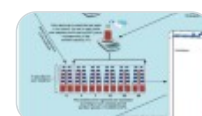

AGRICULTURAL CHEMISTRY AND FERTILITY OF SOILS | 20 October 2025 | Article: 166

Long-Term Effects of Treated Wastewater Irrigation on Soil Quality and Pathogen Contamination in a Semi-Arid Region: A Case Study from El Hajeb, Sfax, Tunisia

DEGRADATION, REHABILITATION, AND CONSERVATION OF SOILS | 20 October 2025 | Article: 165

Assessing the Temporal Dynamics of Soil Health Parameters under Fluopyram Exposure

DEGRADATION, REHABILITATION, AND CONSERVATION OF SOILS | 20 October 2025 | Article: 164

Contribution of the Maize Root Respiration to Total Soil CO₂ Emission

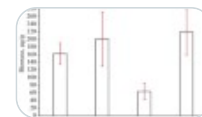

AGRICULTURAL CHEMISTRY AND SOIL FERTILITY | 20 October 2025 | Article: 163

Carbonates in Soils of Sugar Industry Infiltration Fields in the Central Chernozem Region

GENESIS AND GEOGRAPHY OF SOILS | 17 October 2025 | Article: 162

Formation and Functioning of Prokaryotic Complexes in Oil-Contaminated Soils with the Application of Biochar

SOIL BIOLOGY | 17 October 2025 | Article: 161

Assessment of Metal Pollution of Roadside Landscapes in the North of Western Siberia Using Statistical Modeling

SOIL CHEMISTRY | 17 October 2025 | Article: 160

Phytoremediation of Saline-Sodic Soils in Arid Regions Using *Rubia tinctorum* L.: Effects on Soil Chemical and Physical Restoration

DEGRADATION, REHABILITATION, AND CONSERVATION OF SOILS | 17 October 2025 | Article: 159

Trends in Soil Erosion in Agricultural Regions of Russia in Recent Decades in the Context of Changes in Range of Agricultural Crops

DEGRADATION, REHABILITATION AND CONSERVATION OF SOILS | 17 October 2025 | Article: 158

The Influence of Soil Conditions on the Reproduction of *Quercus myrsinifolia* Blume on the Black Sea Coast of Southern Abkhazia

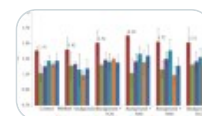

AGRICULTURAL CHEMISTRY AND SOIL FERTILITY | 17 October 2025 | Article: 157

Impact of Fires in Boreal Forests on Carbon Dioxide Emissions from Soil Surfaces (Review)

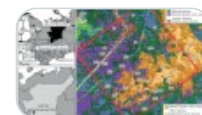

SOIL DEGRADATION, RESTORATION, AND CONSERVATION | 17 October 2025 | Article: 156

Changes in the Content of Organic Carbon and Physicochemical Properties of Soddy-Podzolic Soil and Crop Rotation Productivity as a Result of Long-Term Use of Increasing Rates of Nitrogen Fertilizers under the Conditions of the Cis-Urals

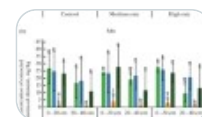

AGROCHEMISTRY AND SOIL FERTILITY | 16 September 2025 | Article: 155

Features of Organic Horizons in Different Types of Forests of the Middle Taiga in the European Northeast of Russia

GENESIS AND GEOGRAPHY OF SOILS | 16 September 2025 | Article: 154

Elemental Composition of Soil-Plant System under Conditions of Mineral Fertilizer Application on Soddy-Podzolic Sandy Loamy Soil

AGROCHEMISTRY AND SOIL FERTILITY | 16 September 2025 | Article: 153

Biological Activity of Soils of Solonetzic Complexes

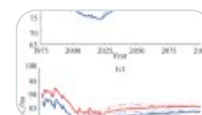

SOIL BIOLOGY | 16 September 2025 | Article: 152

Spatial or Temporal Variation: What is More Important to Consider When Estimating Soil Respiration Rates at Different Scales of Observation

SOIL PHYSICS | 16 September 2025 | Article: 151

Modeling of Long-Term Carbon Sequestration by Arable Chernozem: Integrated Effects of Fertilization and Tillage

AGRICULTURAL CHEMISTRY AND SOIL FERTILITY | 16 September 2025 | Article: 150

Digital Mapping of the Humus Horizon Thickness in Soils of the Cis-Salair Plain Using the Random Forest Machine Learning Algorithm

GENESIS AND GEOGRAPHY OF SOILS | 16 September 2025 | Article: 149

Changes in the Temperature Regime of Soils under Larch and Pine Forests in Central Yakutia

SOIL PHYSICS | 16 September 2025 | Article: 148

Carbon Dioxide Emission from Soils of Southern Tundra Ecosystems in the Northeast of the Russian Plain (Vorkuta Area)

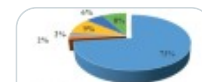

SOIL CHEMISTRY | 16 September 2025 | Article: 147

Probabilistic Spatial Variability of Humus Content in Soils and Assessment of Its Heterogeneity in Pedotransfer Models

DEGRADATION, REHABILITATION AND CONSERVATION OF SOILS | 16 September 2025 | Article: 146

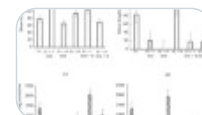

Diversity of Arbuscular Mycorrhizal Fungi (AMF) and Its Role in Nutrient Recycling and Availability in Subtropical Forest Ecosystem of China: A Review

Functional Diversity of Soil Microbes Influenced by Long Term Contrasting Tillage, Nitrogen Level and Cropping System

Assessing the Efficacy of Biochar in Remediation of Polymetallic Highly Contaminated Soils with Different Levels of Humus Content

Biochar: Can It Function as an Effective Detoxifier for Polluted Soils?

Bibliometric Analysis of Monitoring and Mapping of Soil Salinity Using Remote Sensing Approaches: Reports from the Past Three Decades

Digital Soil Mapping of Soil Organic Carbon at Eastern Slopes of Mount Kenya
