ORIGINAL ARTICLES

Kidney-synthesized erythropoietin is the main source for the hypoxia-induced increase in plasma erythropoietin in adult humans

A.-K.M. Lundby · S. Keiser · C. Siebenmann · L. Schäffer · C. Lundby 1107

The effect of arm training on thermoregulatory responses and calf volume during upper body exercise

L. Bottoms · M. Price 1113

Heart rate recovery normality data recorded in response to a maximal exercise test in physically active men

D. Vicente-Campos · A.M. López · M.J. Nuñez · J.L. Chicharro 1123

Effectiveness of electrical noise in reducing postural sway: a comparison between imperceptible stimulation applied to the anterior and to the posterior leg muscles

F.H. Magalhães · A.F. Kohn 1129

Atrial functional and geometrical remodeling in highly trained male athletes: for better or worse?

L. Gabrielli · B.H. Bijmens · C. Butakoff · N. Duchateau · S. Montserrat · B. Merino · J. Gutierrez · C. Paré · L. Mont · J. Brugada · M. Sitges 1143

A single-session testing protocol to determine critical power and W'

K. Constantini · S. Sabapathy · T.J. Cross 1153

Inflammatory responses of older firefighters to intermittent exercise in the heat

H.E. Wright-Beatty · T.M. McLellan · J. Larose · R.J. Sigal · P. Boulay · G.P. Kenny 1163

Effect of oxygen-breathing during a decompression-stop on bubble-induced platelet activation after an open-sea air dive · Oxygen-stop decompression

J.-M. Pontier · K. Lambrechts 1175

Eccentric exercise-induced muscle damage of pre-adolescent and adolescent boys in comparison to young men

T.C. Chen · H.-L. Chen · Y.-C. Liu · K. Nosaka 1183

A new paradigm of neuromuscular electrical stimulation for the quadriceps femoris muscle

N.A. Maffiuletti · I. Vivodtzev · M.A. Minetto · N. Place 1197

The detection and measurement of interleukin-6 in venous and capillary blood samples, and in sweat collected at rest and during exercise

S.H. Faulkner · K.L. Spilsbury · J. Harvey · A. Jackson · J. Huang · M. Platt · A. Tok · M.A. Nimmo 1207

The effects of 12 weeks of beta-hydroxy-beta-methylbutyrate free acid supplementation on muscle mass, strength, and power in resistance-trained individuals: a randomized, double-blind, placebo-controlled study

J.M. Wilson · R.P. Lowery · J.M. Joy · J.C. Andersen · S.M.C. Wilson · J.R. Stout · N. Duncan · J.C. Fuller · S.M. Baier · M.A. Naimo · J. Rathmacher 1217

Age and aerobic training status effects on plasma and skeletal muscle tPA and PAI-1

R.M. Francis · C.L. Romeyn · A.M. Coughlin · P.R. Nagelkirk · C.J. Womack · J.T. Lemmer 1229

The contribution of muscle hypertrophy to strength changes following resistance training

R.M. Erskine · G. Fletcher · J.P. Folland 1239

Prediction of peak oxygen uptake from differentiated ratings of perceived exertion during wheelchair propulsion in trained wheelchair sportspersons

V.L. Goosey-Tolfrey · T.A.W. Paulson · K. Tolfrey · R.G. Eston 1251

The interplay between arms-only propelling efficiency, power output and speed in master swimmers

P. Zamparo · E. Turri · R. Peterson Silveira · A. Poli 1259

Continuation on page A5

European Journal of Applied Physiology

Volume 114 · Number 6 · June 2014

(Contents Continued)

Assessing autonomic response to repeated bouts of exercise below and above respiratory threshold: insight from dynamic analysis of RR variability

D. Lucini · C. Vigo · F. Tosi · G. Toninelli · F. Badilini · M. Pagani **1269**

Interactions of the human cardiopulmonary, hormonal and body fluid systems in parabolic flight

U. Limper · P. Gauger · P. Beck · F. Krainski · F. May · L.E.J. Beck **1281**

Can a combination of handgrip exercise and prolonged forearm occlusion elicit a maximal brachial artery FMD response?

J. Ku · A. McEvoy · K.E. Pyke **1297**

Vitamin D supplementation does not improve human skeletal muscle contractile properties in insufficient young males

D.J. Owens · D. Webber · S.G. Impey · J. Tang · T.F. Donovan · W.D. Fraser · J.P. Morton · G.L. Close **1309**

Creatine supplementation post-exercise does not enhance training-induced adaptations in middle to older aged males

M.B. Cooke · B. Brabham · T.W. Buford · B.D. Shelmadine · M. McPheeters · G.M. Hudson · C. Stathis · M. Greenwood · R. Kreider · D.S. Willoughby **1321**
