MiniReview

- 77 The life history of *Lactobacillus acidophilus* as a probiotic: a tale of revisionary taxonomy, misidentification and commercial success

M. Bull, S. Plummer, J. Marchesi and E. Mahenthiralingam

Research Letters

- 88 Involvement of the nucleate primary sterigmata protein FgApsB in vegetative differentiation, asexual development, nuclear migration, and virulence in *Fusarium graminearum*
Z. Zheng, T. Gao, Y. Hou and M. Zhou
- 99 The progeny of *Legionella pneumophila* in human macrophages shows unique developmental traits
H. Abdelhady and R.A. Garduño
- 108 *gadA* gene locus in *Lactobacillus brevis* NCL912 and its expression during fed-batch fermentation
H. Li, W. Li, X. Liu and Y. Cao
- 117 Stable isotope labelling reveals that NaCl stress decreases the production of *Ensifer* (*Sinorhizobium*) *arboris* lipochitooligosaccharide signalling molecules
P. Penttinen, L.A. Räsänen, G. Lortet and K. Lindström
- 127 Development of a real-time fluorescence loop-mediated isothermal amplification assay for rapid and quantitative detection of *Fusarium oxysporum* f. sp. *niveum* in soil
J. Peng, Y. Zhan, F. Zeng, H. Long, Y. Pei and J. Guo
- 135 Identification of regulated genes conferring resistance to high concentrations of glyphosate in a new strain of *Enterobacter*
Y.-Y. Fei, J.-Y. Gai and T.-J. Zhao
- 144 Characterization of a replication locus and formation of a higher-order complex between RepA protein and two inverted repeats in *Streptomyces* plasmid pSV1
Y. Chen, H. Tan and Z. Qin
- 153 Transcriptional downregulation of *agr* expression in *Staphylococcus aureus* during growth in human serum can be overcome by constitutively active mutant forms of the sensor kinase AgrC
E.H. James, A.M. Edwards and S. Wigneshweraraj
- 163 The Wzy O-antigen polymerase of *Yersinia pseudotuberculosis* O:2a has a dependence on the Wzz chain-length determinant for efficient polymerization
J.J. Kenyon and P.R. Reeves
- 171 Acetate formation in the photoheterotrophic bacterium *Chloroflexus aurantiacus* involves an archaeal type ADP-forming acetyl-CoA synthetase isoenzyme I
M. Schmidt and P. Schönheit
