DOI: 10.22389/0016-7126

**Численное решение краевой задачи Молоденского  
с фиксированной границей**

**Оценка пирологического режима  
сельскохозяйственных угодий юга  
Саратовского Заволжья с использованием  
снимков Sentinel и Landsat**

**Военные топографы – Герои Советского Союза**

# **ГЕОДЕЗИЯ И КАРТОГРАФИЯ**

**Geodesy and Cartography**  
**№ 2 february 2025**  
**Contents**

**Geodesy**

**Neyman Yu. M., Sugaipova L. S., Nepoklonov V. B.**

Numerical solution of the Molodensky boundary value problem with a fixed boundary ..... 2

**Remote sensing**

**Bolgov I. A., Doroshenko V. V.**

Estimating the pyrological regime of agricultural lands in the south of the Saratov Trans-Volga region, RF ..... 15

**Geoinformatics**

**Musikhin I. A., Opritova O. A., Taranenko S. V.**

Development of a multi-functional spatial analysis tool for scenario-based urban environment quality assessment on the example of Novosibirsk ..... 26

**Pictures of history**

**Ilyushina T. V., Stepanchenko A. L.**

The art of precision technical thought of land-survey engineers in 19th c. Russia ..... 38

**Nikonov A. V., Dolgov E. I., Sergeev S. V.**

Military topographers, Heroes of the Soviet Union ..... 47

**Anniversaries**

**Anikeeva A. A., Pavlov N. S., Romanchikov A. Yu., Kuzin A. A., Bogomolova E. S.**

On the 110<sup>th</sup> anniversary of Spiridon Akinfovich Korobkov ..... 56
