

12 articles in this issue

**Composition of Micas from Rocks and Melt Inclusions in Quartz of Li–F Granites of the Orlovka Massif in Eastern Transbaikalia as a Genetic Indicator**

OriginalPaper | 06 February 2026 | Pages: 1057 - 1076

**Problems of Dating the Au–Pd Mineralization of the Chudnoye Deposit (the Subpolar Urals)**

OriginalPaper | 06 February 2026 | Pages: 1077 - 1093

**The Age of Granite of the Famous Thunder Stone, the Pedestal of the Bronze Horseman Monument to Peter the Great (St. Petersburg)**

OriginalPaper | 06 February 2026 | Pages: 1094 - 1100

**The Morphology and Composition of Native Gold from a Placer of the Dunitovaya River (Maimecha–Kotui Province, Polar Siberia)**

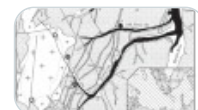

OriginalPaper | 06 February 2026 | Pages: 1101 - 1117

**Mustard Gold in the Evevpenta Epithermal Gold–Silver Ore Occurrence (Kamchatka)**

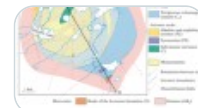

MINERALS AND MINERAL PARAGENESES | 06 February 2026 | Pages: 1118 - 1130

**Bi, Ag, Se, and Sb Contents in Galena as an Indicator of Zonality of Gold Occurrences of the Nizhne-Myakitsky Ore Cluster (Magadan Region)**

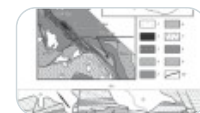

MINERALS AND MINERAL PARAGENESES | 06 February 2026 | Pages: 1131 - 1138

**Spinel of the Kontozero Volcano-Plutonic Complex (Kola Peninsula, Russia)**

MINERALS AND MINERAL PARAGENESES | 06 February 2026 | Pages: 1139 - 1161

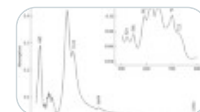

## **Purpurite from Spodumene Pegmatites of the Kolmozero Deposit, Kola Peninsula, Russia**

**MINERALS AND MINERAL PARAGENESES** | 06 February 2026 | Pages: 1162 - 1172

---

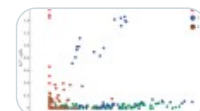

## **Model of the Crystal Structure of Sodium-Depleted Sacrofanite. Problem of the Sacrofanite Identification**

**MINERALOGICAL CRYSTALLOGRAPHY** | 06 February 2026 | Pages: 1173 - 1179

---

## **Isomorphism in Vanadinite. 1. Chemical Variations and Solid Solutions**

**MINERALOGICAL CRYSTALLOGRAPHY** | 06 February 2026 | Pages: 1180 - 1197

---

## **Isomorphism in Vanadinite. 2. IR Spectroscopic Study**

**MINERALOGICAL CRYSTALLOGRAPHY** | 06 February 2026 | Pages: 1198 - 1208

---

## **Neyite from the Yugo-Konevo Deposit (Southern Urals, Russia) and Its Crystal Structure**

**MINERALOGICAL CRYSTALLOGRAPHY** | 06 February 2026 | Pages: 1209 - 1227

---
