

5 articles in this issue

Tectonic Position and Seismotectonic Manifestations of the March 28, 2025 Mandalay Earthquake $M_w = 7.7$ (Myanmar)

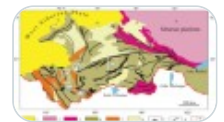

OriginalPaper | 21 November 2025 | Pages: 357 - 373

Stages of Deformation and Formation of the Middle-Late Paleozoic Collision Structures of the Paleocontinental Sector of the Southern Urals

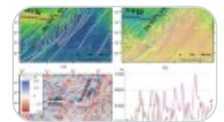

OriginalPaper | 21 November 2025 | Pages: 374 - 400

Relationship between Local and Regional Stress Fields of the Altai–Sayan Fold Region: Results of Structural–Paragenetic and Cataclastic Methods of Fault Analysis

OriginalPaper | 21 November 2025 | Pages: 401 - 416

Evolution of the Du Toit–Andrew Bain–Marion–Prince Edward Transform Fault System (Indian Ocean): Physical Modeling of Structural and Kinematic Changes in the Late Cretaceous–Paleocene

OriginalPaper | 21 November 2025 | Pages: 417 - 431

Determining Locations of Possible Earthquakes in the Western Tien Shan Using an Artificial Neural Network and a Mathematical Model of Tectonic Processes

OriginalPaper | 21 November 2025 | Pages: 432 - 443
