IEEE Industry Applications Magazine: (ISSN 1077-2618) (IAMI) is published bimonthly by The Institute of Electrical and Electronics Engineers, Inc. Headquarters: 3 Park Avenue, 17th Floor, New York, NY 10016-5997, +1 212 419 7900. Responsibility for the contents rests upon the authors and not upon the IEEE, the Society or its members. IEEE Service Center (for orders, subscriptions, address changes): 445 Hoes Lane, Piscataway, NJ 08854 USA; www.ieee.org. **Individual copies:** IEEE members US\$20.00 (first copy only), nonmembers US\$82.00 per copy.

Subscription Rates: Society members included with membership dues. Subscription rates available upon request.

Copyright and reprint permissions: Abstracting is permitted with credit to the source. Libraries are permitted to photocopy beyond the limits of U.S. Copyright law for the private use of patrons 1) those post-1977 articles that carry a code at the bottom of the first page, provided the per-copy fee indicated in the code is paid through the Copyright Clearance Center, 222 Rosewood Drive, Danvers, MA 01923 USA; 2) pre-1978 articles without fee. For other copying, reprint or republication permission, write Copyrights and Permissions Department, IEEE Service Center, 445 Hoes Lane, Piscataway, NJ 08854. Copyright © 2016 by The Institute of Electrical and Electronics Engineers, Inc. All rights reserved. Periodicals postage paid at New York, NY and at additional mailing offices. Postmaster: Send address changes to IEEE Industry Applications Magazine, IEEE, 445 Hoes Lane, Piscataway, NJ 08854 USA. Canadian GST# 125634188

An Eye on Costs

features

- 12** Electrical Obsolescence Management
How to spend US\$1 billion efficiently
Ritchie Pragale, Ahmed Y. Bakhsb, Amar Patel, & Neil Apps
- 20** Replacing a Distribution Substation
Options and considerations
Frank E. Bresnan, Jr., Erik Jonson, & Tyler Somes
- 30** Putting a Price on Power Interruptions
How utilities and customers can share interruption costs
John P. Nelson & J. David Lankutis
- 41** Rightsizing Commercial Electrical Power Systems
Review of a new exception in NEC Section 220.12
Michael A. Anthony, Thomas L. Harman, & James R. Harvey
- 47** More Bang for the Data Center Buck
Savvy technology use can yield tier 2 facilities nearly equal to tier 4
Robert G. Arno, J. Nathan Carman, & Thomas Payne
- 55** A New Way to See the Light
Improving light quality with cost-effective LED technology
Michael Schratz, Christine Gupta, T.J. Strubs, & Kara Gray
- 63** The Useful Life of Inverter-Based Drive Bearings
Methods and research directions from localized maintenance to prognosis
Annette Muetze & Elias G. Strangas

Scope: IEEE Industry Applications Magazine publishes technical articles on the development and application of electrical systems, apparatus, devices, and controls to the processes and equipment of industry and commerce; the promotion of safe, reliable, and economic installations; the encouragement of energy conservation; and the creation of voluntary engineering standards and recommended practices. IEEE Industry Applications Magazine includes technical articles as well as new standards, education information, announcements of conferences, workshops, committee meetings, and reports of IEEE Industry Applications Society activities.
