Diatoms of the Streams of the “Krasnoyarsk Pillars” National Park

OriginalPaper | 05 November 2025 | Pages: 697 - 705

Bacillariophyta of Tundra Soils of the Pleistocene Park Nature Reserve, Republic of Sakha (Yakutia), Russia

OriginalPaper | 05 November 2025 | Pages: 706 - 715

Population of Phytoplankton Dominant in Deep Oligotrophic Lake: Its Size Structure and Role in the Group of Small-Sized Species of Centric Diatoms

OriginalPaper | 19 September 2025 | Pages: 716 - 725

Change in the Population Structure of an Endemic *Oxytropis chankaensis* (Fabaceae) Due to the Dynamics of Water Level in the Lake Khanka

OriginalPaper | 05 November 2025 | Pages: 726 - 736

Rare Species of Rotifera (Crustacea, Calanoida) in the Water Bodies of the Prisursky State Nature Reserve (Middle Volga Region, Russia)

OriginalPaper | 05 November 2025 | Pages: 737 - 746

***Arctodiaptomus kamtschaticus* (Crustacea: Calanoida) in the Vilyuchinsky Nature Park: an Addition to the Description of the Russian Endemic**

OriginalPaper | 05 November 2025 | Pages: 747 - 752

Zooplankton and Its Vertical Structure in Pelagic Lake Teletskoye

OriginalPaper | 05 November 2025 | Pages: 753 - 767

Zooplankton of Lake Sukhoe: A Unique Natural Site in Zapovednoe Pribaikalye

OriginalPaper | 05 November 2025 | Pages: 768 - 780

Seasonal Dynamics of Planktonic and Bottom Communities of the Chernavka River (Eltonsky Nature Park)

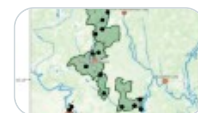

OriginalPaper | 05 November 2025 | Pages: 781 - 793

Status of Benthic Invertebrates and Their Habitats in the Soyana River (Soyana Biological Reserve) in the Arkhangelsk Region in Different Hydrological Seasons of 2020 and 2021

OriginalPaper | 05 November 2025 | Pages: 794 - 807

Polychaetes and Oligochaetes (Annelida: Polychaeta, Oligochaeta) of Specially Protected and Adjacent Territories of the Upper Volga Basin in Vladimir and Ryazan Oblasts

OriginalPaper | 05 November 2025 | Pages: 808 - 820

Freshwater Mollusks of the Family Valvatidae (Gastropoda, Heterobranchia) of the Vitimskiy Nature Reserve and Adjacent Areas: Species Composition and Distribution of Species Richness

OriginalPaper | 05 November 2025 | Pages: 821 - 836

Taxonomic and Genetic Diversity of Freshwater Mollusks of Bering Island (the Commander Islands, Kamchatka Krai, Russia)

OriginalPaper | 05 November 2025 | Pages: 837 - 848

Macrozoobenthos as an Indicator of the Ecological State of Lakes in Altai Specially Protected Natural Areas

OriginalPaper | 05 November 2025 | Pages: 849 - 861

Ichthyofauna of Lake Bolshoye Murakanskoye (Onezhskoye Pomorye National Park) and the Possibility of Using Its Fish Stocks

OriginalPaper | 05 November 2025 | Pages: 862 - 869

Fish Nutrition and Trophic Interactions between Fishes in the Sotka River at the Pinega State Reserve

OriginalPaper | 05 November 2025 | Pages: 870 - 878

Some Results of the Expansion of Alien Fish Species in the Water Bodies of the Oka Nature Reserve (Ryazan Oblast)

OriginalPaper | 05 November 2025 | Pages: 879 - 887

Towards a Change in the State of the Batrachofauna in the Oka Nature Reserve

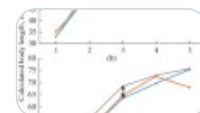

OriginalPaper | 05 November 2025 | Pages: 888 - 894

New Data on the Distribution and Ecological Peculiarities of the Edible Frog *Pelophylax esculentus* in the Mordovian Reserve and Smolny National Park

OriginalPaper | 05 November 2025 | Pages: 895 - 906

Age Composition of Populations, Body Size and Postmetamorphic Growth Rates in *Pelophylax ridibundus* from Bystrinsky Natural Park, Kamchatka

OriginalPaper | 05 November 2025 | Pages: 907 - 913

Ecological Analysis of Helminth Communities of the Grass Snake *Natrix natrix* (Reptilia, Colubridae) from the Semiaquatic Habitats of the National Park "Smolny" (European Russia)

OriginalPaper | 05 November 2025 | Pages: 914 - 929

Influence of Climatic Factors on the Number and Productivity of the Common Kingfisher *Alcedo atthis* (Alcedinidae)

OriginalPaper | 05 November 2025 | Pages: 930 - 938
