

Volume 61, Issue 2

April 2025

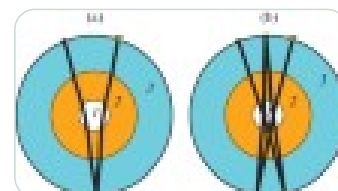

14 articles in this issue

Application of the Seismic Interferometry Method to Study the Earth's Inner Core

O. A. UsoltsevaV. M. Ovtchinnikov

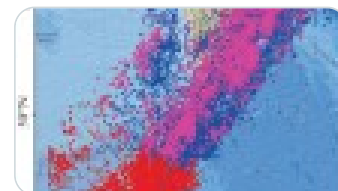

OriginalPaper | 23 July 2025 | Pages: 163 - 174

Peculiarities of Localization Zones of the Major Earthquakes in the Kuril-Kamchatka Arc

A. N. BesedinaE. V. NovikovaK. Yu. Potapova

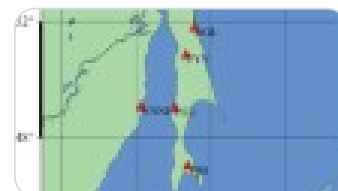

OriginalPaper | 23 July 2025 | Pages: 175 - 188

Features of the Sakhalin Mantle Transition Zone from the Converted Waves

A. G. GoevS. I. OreshinN. V. Kostileva

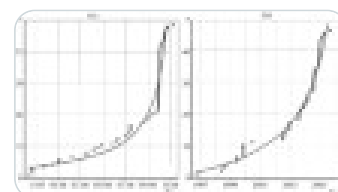

OriginalPaper | 23 July 2025 | Pages: 189 - 194

Instanton Representation of Foreshock–Aftershock Sequences

L. M. BogomolovM. V. RodkinV. N. Sychev

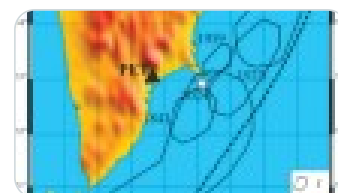

OriginalPaper | 23 July 2025 | Pages: 195 - 206

Ring-Shaped Seismicity Structures in South Kamchatka: Probable Preparation of a Great Earthquake

Yu. F. KopnichevI. N. Sokolova

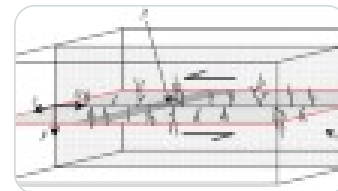

OriginalPaper | 23 July 2025 | Pages: 207 - 212

Development of a Damage Zone in the Vicinity of a Dynamic Slip on a Tectonic Fault

A. M. BudkovG. G. KocharyanZ. Z. Sharafiev

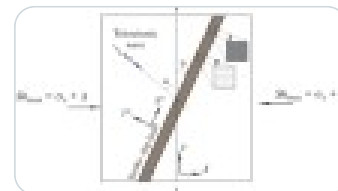

OriginalPaper | 23 July 2025 | Pages: 213 - 223

Nature of the Anisotropic Response of a Fluid Saturated Medium to Surface Seismic Wave Propagation

I. A. PanteleevD. V. LozhkinE. Shalev

OriginalPaper | 23 July 2025 | Pages: 224 - 235

Reconstruction of the Parameters of Shear Stresses during the Formation of Multirank Faults in the Western Baikal Region Based on Tectonophysical Interpretation of Lineaments

A. D. SvecherevskiyS. A. UstinovV. A. Petrov

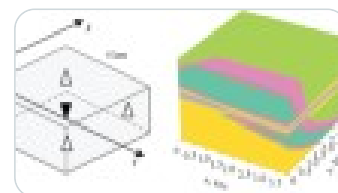

OriginalPaper | 23 July 2025 | Pages: 236 - 250

Reconstruction of the Spatial Distribution of Filtration Properties of Heterogeneous Geological Media Based on Variations of Microseismicity Resulting from Fluid Injection

E. V. NovikovaN. A. BarishnikovM. A. Trimonova

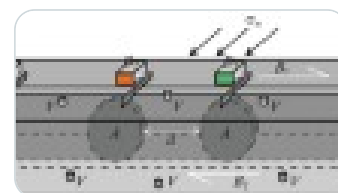

OriginalPaper | 23 July 2025 | Pages: 251 - 262

Acoustic Emission Accompanying Nucleation of Dynamic Slip on a Model Heterogeneous Fault of Meter Scale

K. G. MorozovaD. V. PavlovA. A. Ostapchuk

OriginalPaper | 23 July 2025 | Pages: 263 - 269

Evolution of Microcracks in the Rock Deformation Process: X-ray Microtomography and Discrete Element Modeling

E. E. DamaskinskayaV. L. HilarovD. I. Frolov

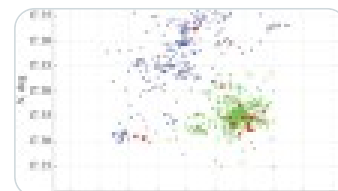

OriginalPaper | 23 July 2025 | Pages: 270 - 276

On the Behavior of Induced Seismicity

M. V. Rodkin

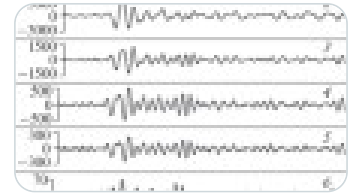

OriginalPaper | 23 July 2025 | Pages: 277 - 287

The 20th Anniversary of the Installation of the Small-Aperture Mikhnevo Array for Monitoring Induced Seismicity

I. O. KitovI. A. SaninaN. L. Konstantinovskaya

OriginalPaper | 23 July 2025 | Pages: 288 - 304

Energy Release in the Atmosphere Induced by the Impact of Meteoroids 20–200 Meters in Size

V. V. ShuvalovO. P. PopovaD. O. Glazachev

OriginalPaper | 23 July 2025 | Pages: 305 - 311
