

Volume 61, Issue 2

March 2025

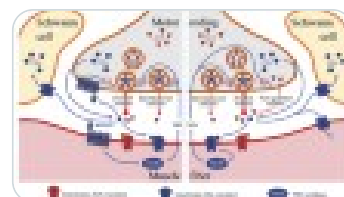

21 articles in this issue

Glutamate and Its Derivatives in Regulation of Peripheral Cholinergic Neurotransmission

N. S. FedorovE. S. NevskyA. I. Malomouzh

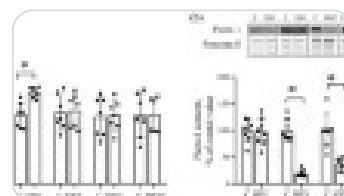

Reviews | 05 May 2025 | Pages: 369 - 386

Time Course Expression of Mechanosensitive Ion Channels in Rat Postural Muscle under Hindlimb Unloading

N. A. VilchinskayaB. S. ShenkmanT. M. Mirzoev

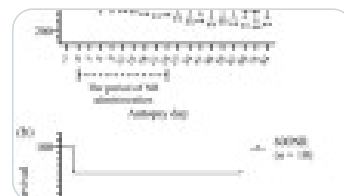

Experimental Papers | 05 May 2025 | Pages: 387 - 395

Biocompatibility of Different Nicotinamide Riboside Doses Administered Intravenously to Rats

E. Yu. PodyachevaN. Yu. SemenovaYa. G. Toropova

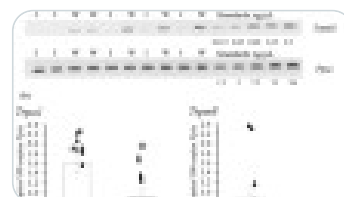

Experimental Papers | 05 May 2025 | Pages: 396 - 410

Gene Expression of Thermosensitive TRP Ion Channels in the Spleen of Normotensive and Hypertensive Rats: Effect of Cold and Peripheral TRPM8 Channel Activation

A. A. EvtushenkoI. P. VoronovaT. V. Kozyreva

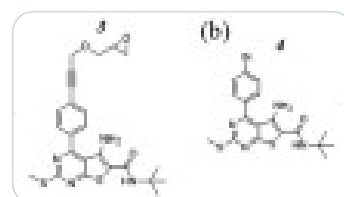

Experimental Papers | 05 May 2025 | Pages: 411 - 424

Development of Thieno[2,3-d]-pyrimidine-based Positive Allosteric Modulators of Thyroid Stimulating Hormone Receptor and Their Effect on Thyroid Status in Rats

K. V. DerkachA. S. PechalnovaA. O. Shpakov

Experimental Papers | 05 May 2025 | Pages: 425 - 437

A Cohort Effect on AOM/DSS Colorectal Cancer Model Performance in C57BL/6 Mice

K. M. AchasovaE. N. Kozhevnikova

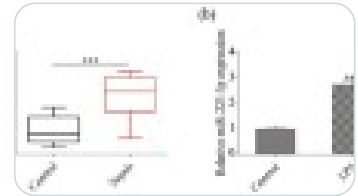

Experimental Papers | 05 May 2025 | Pages: 438 - 449

MiR-223-3p Positively Regulates Sepsis-Induced Inflammatory Responses by Targeting the Ubiquitin Ligase FBXW7

Zhaokun FanMingxia XuYingying Shen

Experimental Papers | 05 May 2025 | Pages: 450 - 459

Non-Coding RNAs and Their Regulatory Systems: Evolutionary Origin and Putative Link with Ribozymes

V. A. MarkelovL. Z. AkhmadishinaG. F. Korytina

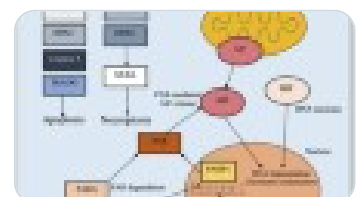

Reviews | 05 May 2025 | Pages: 460 - 485

Necroptosis, Autophagy and Parthanatos in the Pathogenesis of Brain Diseases

N. I. GolushkoD. D. MartynovA. V. Kalueff

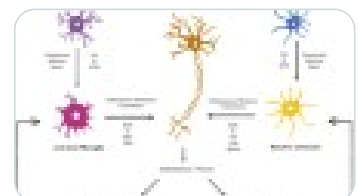

Reviews | 05 May 2025 | Pages: 486 - 513

The Role of Dopamine in Chronic Pain: Neuroinflammation and Neurogenesis

A. VetluginaN. O. FokeevaE. V. Gerasimova

Reviews | 05 May 2025 | Pages: 514 - 534

Possibilities and Limitations of Using the Rodent Olfactory Bulbectomy Model

O. A. NedogreevaM. Yu. Stepanichev

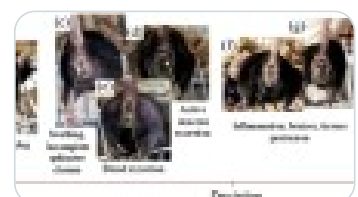

Reviews | 05 May 2025 | Pages: 535 - 550

Sex-Specific Peculiarities of Clinical Manifestations of Inflammatory Bowel Diseases in Cohoused *Muc2* Knockout Mouse Siblings

K. S. MilutinovichV. S. Popov

Experimental Papers | 05 May 2025 | Pages: 551 - 560

GluN3A Subunit Forms GluN3A-NMDAR and the Excitatory Glycine Receptor in Olfactory Sensory Neurons of Adult Rats

E. V. BigdayA. A. ZuykovaD. O. Ivanov

Experimental Papers | 05 May 2025 | Pages: 561 - 572

Nos3 Gene Knockout in Mice Enhances Kidney Sensitivity to Furosemide

A. V. KutinaG. V. BelyakovE. I. Leonova

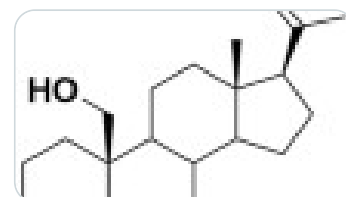

Experimental Papers | 05 May 2025 | Pages: 573 - 582

A Study of the Role of Membrane Progesterone Receptors during Pregnancy and Labor in Rats

M. A. VodopetovaA. D. DmitrievaT. A. Shchelkunova

Experimental Papers | 05 May 2025 | Pages: 583 - 595

Comparative Analysis of Proteolytic Enzyme Activity in the Midgut of *Galleria mellonella* Larvae Selected for Antibiotic Resistance

T. N. KlementevaN. A. KruykovaO. V. Polenogova

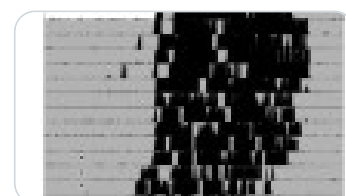

Experimental Papers | 05 May 2025 | Pages: 596 - 605

Effect of the Myokine Irisin on Circadian Rhythm of Voluntary Locomotor Activity in Rats

A. N. InyushkinS. I. PavlenkoA. A. Inyushkin

Experimental Papers | 05 May 2025 | Pages: 606 - 617

Methods for Evaluating Gray Matter Contour Similarity in Transverse Slices of the Mammalian Spinal Cord

V. A. LyakhovetskiiP. Yu. ShkorbatovaN. S. Merkulyeva

Experimental Papers | 05 May 2025 | Pages: 618 - 629

Comparative Analysis of Electromyographic Indicators of Subjects during Sensorimotor Training in Various Social Conditions of Activity in Dyads

E. S. GalushkaE. P. MurtazinaS. S. Pertsov

Experimental Papers | 05 May 2025 | Pages: 630 - 642

Effects of Different Fat-Carbohydrate Dietary Compositions and Probiotic Correction on the Severity of Myocardial Ischemia-Reperfusion Injury and Behavioral Responses in Rats with Systemic Inflammation

Yu. Yu. BorshchevI. G. ZubkovM. M. Galagudza

Experimental Papers | 05 May 2025 | Pages: 643 - 655

Erratum to: Spontaneous Tonic Activity Revealed in Rat Soleus Muscle by CLP290, a Novel Spinal Cord Potassium-Chloride Cotransporter Activator, during Hindlimb Suspension

V. E. KalashnikovK. V. SergeevaB. S. Shenkman

Erratum | 05 May 2025 | Pages: 656 - 656
