

13 articles in this issue

Force Analysis of a Precessing Gearbox

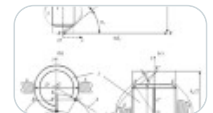

MECHANICS OF MACHINES | 28 September 2025 | Pages: 453 - 461

Modeling the Process of Rolling Resistance of Elastic Bodies

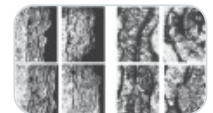

MECHANICS OF MACHINES | 28 September 2025 | Pages: 462 - 470

Determination of the Geometric Characteristics of an Auger for Efficient Feeding of Cylindrical Charge Blocks

MECHANICS OF MACHINES | 28 September 2025 | Pages: 471 - 475

Development and Study of Highly Efficient Porous Molybdenum Powder for Friction Plasma Coatings for Operation in Oil

RELIABILITY, STRENGTH, AND WEAR RESISTANCE OF MACHINES AND STRUCTURES | 28 September 2025 | Pages: 476 - 487

Study of the Tribotechnical Properties of Alcohol–Water Lubricant Compositions

RELIABILITY, STRENGTH, AND WEAR RESISTANCE OF MACHINES AND STRUCTURES | 28 September 2025 | Pages: 488 - 493

Analysis of the Technical Requirements on Carbon–Carbon Composite Materials Used in the Manufacture of Aircraft Brake Discs

RELIABILITY, STRENGTH, AND WEAR RESISTANCE OF MACHINES AND STRUCTURES | 28 September 2025 | Pages: 494 - 500

The $M/G/1/\infty$ System in the Nested Markov Chain Method in Mechanical Engineering

AUTOMATION AND CONTROL IN ENGINEERING | 28 September 2025 | Pages: 501 - 505

Structural Analysis and Synthesis of Generalized Schemes for Working Technological Machines

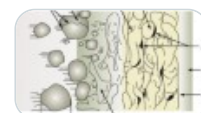

AUTOMATION AND CONTROL IN ENGINEERING | 28 September 2025 | Pages: 506 - 512

Application of Wave Resonance Effects to Intensify the Process of Forming Dispersions Based on Chitosan and Montmorillonite

NEW TECHNOLOGIES IN MECHANICAL ENGINEERING | 28 September 2025 | Pages: 513 - 520

Study of the Structure and Properties of Coatings Obtained by the High Velocity Oxygen Fuel Process

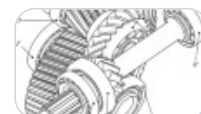

NEW TECHNOLOGIES IN MECHANICAL ENGINEERING | 28 September 2025 | Pages: 521 - 529

Possibilities of Improving the Vibration Isolation and Operational Properties of Pipeline Expansion Joints

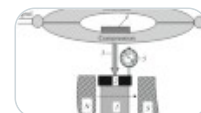

EXPERIMENTAL MECHANICS, DIAGNOSTICS, AND TESTING | 28 September 2025 | Pages: 530 - 540

Study of Temperature Conditions of KAMAZ Rear Axle Bearings to Ensure Their Testability

EXPERIMENTAL MECHANICS, DIAGNOSTICS, AND TESTING | 28 September 2025 | Pages: 541 - 548

The Magnetoplastic Effect in a Low-Alloyed Al-Mg Alloy

EXPERIMENTAL MECHANICS, DIAGNOSTICS, AND TESTING | 28 September 2025 | Pages: 549 - 554
