SPECIAL ISSUE

MINERALOGY OF THE VORONTSOVSKOE GOLD DEPOSIT (NORTHERN URALS)

Introduction.....	5
Vorontsovskoe deposit: history of study.....	8
Geological setting, structure and genetic type of the deposit.....	9
Ore types and mineral assemblages of the Vorontsovskoe deposit.....	19
Analytical methods.....	26
Description of minerals.....	28
Elements.....	28
Sulfides, arsenides, tellurides.....	29
Sulfosalts.....	41
Oxyhalides.....	70
Oxides and hydroxides.....	71
Carbonates.....	76
Sulfates.....	78
Wolframates.....	79
Phosphates, arsenates.....	79
Silicates.....	81
Specific features of mineralogy of the Vorontsovskoe gold deposit.....	86
Conclusions.....	88
Acknowledgments.....	88
References.....	88
