

*January 2015*

Volume 124, Issue 1  
Pages 1–112

---

**Editorial**

**Phenological change and ecological interactions: an introduction (pages 1–3)**

Jacob Johansson, Jan-Åke Nilsson and Niclas Jonzén

**Forum**

**Plant–pollinator interactions and phenological change: what can we learn about climate impacts from experiments and observations? (pages 4–13)**

Jessica R. K. Forrest

**Phenological shifts and the fate of mutualisms (pages 14–21)**

Nicole E. Rafferty, Paul J. CaraDonna and Judith L. Bronstein

**Robustness of mutualistic networks under phenological change and habitat destruction (pages 22–32)**

Tomás A. Revilla, Francisco Encinas-Viso and Michel Loreau

**Priority effects vary with species identity and origin in an experiment varying the timing of seed arrival (pages 33–40)**

Elsa E. Cleland, Ellen Esch and Jordan McKinney

**Geographic mosaics of phenology, host preference, adult size and microhabitat choice predict butterfly resilience to climate warming (pages 41–53)**

Nichole L. Bennett, Paul M. Severns, Camille Parmesan and Michael C. Singer

**The lost generation hypothesis: could climate change drive ectotherms into a developmental trap? (pages 54–61)**

Hans Van Dyck, Dries Bonte, Rik Puls, Karl Gotthard and Dirk Maes

**Relaxed selection when you least expect it: why declining bird populations might fail to respond to phenological mismatches (pages 62–68)**

Emma Day and Hanna Kokko

**Consequences of information use in breeding habitat selection on the evolution of settlement time (pages 69–80)**

Kenneth A. Schmidt, Jacob Johansson, N. Kristensen, François Massol and N. Jonzén

**Density dependence and microevolution interactively determine effects of phenology mismatch on population dynamics (pages 81–91)**

Thomas E. Reed, Phillip Gienapp and Marcel E. Visser

**Selection on flowering time in a life-cycle context (pages 92–101)**

Johan Ehrlén

**The eco-evolutionary consequences of interspecific phenological asynchrony – a theoretical perspective (pages 102–112)**

Jacob Johansson, Nadiah P. Kristensen, Jan-Åke Nilsson and Niclas Jonzén
