**Microfossils in Stromatolites of the Byuk Formation of the Upper Vendian of the Berezovsky Trough in the Siberian Platform (Western Yakutia)**

OriginalPaper | 02 February 2026 | Pages: 591 - 601

**Mazaevella gen. nov.—A New Genus of Pectinida (Annuliconchidae, Bivalvia) from the Gzhelian–Sakmarian of European Russia**

OriginalPaper | 02 February 2026 | Pages: 602 - 609

**Revision of the Late Paleozoic Family Ehippioceratidae Miller et Youngquist (Nautilida)**

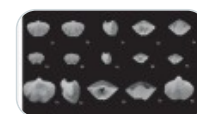

OriginalPaper | 02 February 2026 | Pages: 610 - 619

**First Finds of *Eckhardites* (Ammonoidea: Cardioceratidae) in the Upper Bathonian of the Russian Platform**

OriginalPaper | 02 February 2026 | Pages: 620 - 628

**New Taxa of Spiriferids (Brachiopoda) from the Emsian (Lower Devonian) of North-East Eurasia**

OriginalPaper | 02 February 2026 | Pages: 629 - 639

***Lepidenteron lewesiensis* (Mantell, 1822) Polychaete Burrows from the Upper Cretaceous of the Samara Region**

OriginalPaper | 02 February 2026 | Pages: 640 - 653

**Ecological Aspects of the Evolution of Caddisflies of the Family Philopotamidae (Insecta, Trichoptera) and a New Species of the Genus *Archiphilopotamus* from the Jurassic of Kyrgyzstan**

OriginalPaper | 02 February 2026 | Pages: 654 - 662

---

**A New Species of the Genus *Xanthopimpla* Saussure, 1892 (Hymenoptera, Ichneumonidae) —an Atypical Taphonomic Phenomenon for Baltic Amber**

OriginalPaper | 02 February 2026 | Pages: 663 - 672

---

**The First Record of a Tree Frog (Anura, Hylidae) from the Late Pleistocene of the Urals**

OriginalPaper | 02 February 2026 | Pages: 673 - 682

---

**Bustards (Aves: Otidae) from the Middle Miocene of Mongolia**

OriginalPaper | 02 February 2026 | Pages: 683 - 691

---

***Leptobos etruscus flerovi* subsp. nov. (Artiodactyla, Bovidae) from the Lower Pleistocene of Taurida Cave in the Crimea and Some Aspects of the History of the Genus *Leptobos***

OriginalPaper | 02 February 2026 | Pages: 692 - 709

---

**Faunal and Floral Assemblages from the Pleistocene–Holocene Transition of Anyu Cave in the Northern Urals**

OriginalPaper | 02 February 2026 | Pages: 710 - 720

---

**Erratum to: The First Fossils of *Capra* and *Gazella* (Artiodactyla, Bovidae) in the Lower Pleistocene of the Taurida Cave in Crimea**

Erratum | 02 February 2026 | Pages: 721 - 721

---
