Articles published week ending 12 APRIL 2013

Published by
American Physical Society™

Volume 110, Number 15

Two magnetically suspended bismuth spheres vibrating freely in a liquid containing finely crushed bismuth. The streaks are due to horizontal streaming flow of the highly reflective metal grains. Selected for a Synopsis in *Physics* and an Editors' Suggestion. [H. A. Pacheco-Martinez *et al.*, Phys. Rev. Lett. **110**, 154501 (2013)]
