CODEN: RJPPE2

# RUSSIAN JOURNAL OF PLANT PHYSIOLOGY

Pleiades  
Publishing Group

Over **50** years  
in the service of  
science and education

Editor-in-Chief  
Vladimir V. Kuznetsov

October 2025

PLANT PHYSIOLOGY

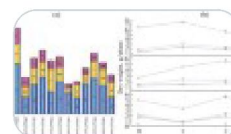

16 articles in this issue

### **Beneficial Effects of 24-Epibrassinolide on *Paeonia lactiflora* Pall. under High-Temperature Stress**

RESEARCH PAPERS | 16 August 2025 | Article: 153

### **Effects of Nitrogen, Phosphorus, and Potassium on the Growth Physiology and Secondary Metabolites of Hemp (*Cannabis sativa* L.) under NaHCO<sub>3</sub> Stress**

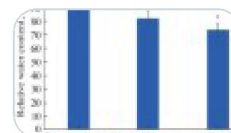

RESEARCH PAPERS | 16 August 2025 | Article: 152

### **Effects of Typical Herbicides on Growth and Cadmium Accumulation in *Arabidopsis thaliana***

RESEARCH PAPERS | 16 August 2025 | Article: 151

### **Foliar Application of Chitosan and Cobalt Mitigates the Growth and Some Physiological Characteristics of *Portulaca oleracea* L. under Salinity Stress**

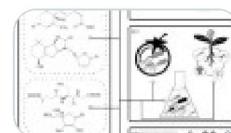

RESEARCH PAPERS | 16 August 2025 | Article: 150

### **Unveiling Phytochemical-Mediated Nanoparticle Synthesis in Euphorbiaceae: A Review of Current Trends and Future Prospects**

REVIEWS | 16 August 2025 | Article: 149

### **Integrated Approaches for Improving Cold Resistance in *Solanaceae* Family Plants**

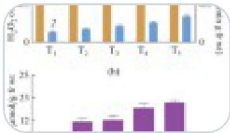

**Chloroplast NADH Dehydrogenase-Like Complex as Part of Cyclic Electron Transport around Photosystem I in C<sub>3</sub> and C<sub>4</sub> Plants**

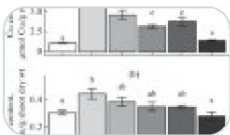

REVIEW | 16 August 2025 | Article: 147

**Exploring the Impact of Chemical Defoliants on Morphological, Physiological Traits and Yield Synchronization in Cotton (*Gossypium* spp.)**

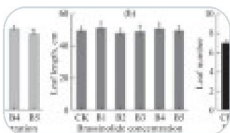

RESEARCH PAPERS | 16 August 2025 | Article: 146

**Exogenous Histidine and Glutamine Limit Cu Uptake by Vetch Plants**

RESEARCH PAPERS | 16 August 2025 | Article: 145

**Effects of Exogenous Brassinolide on Prolonging Flowering Period and Physiological Characteristics of *Freesia hybrida* Klatt. (Iridaceae)**

RESEARCH PAPERS | 16 August 2025 | Article: 144

**Growth Promotion and Changing Chemical Composition of Tobacco by Potassium Levels and Application Timing under Rainfed Condition**

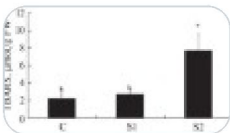

RESEARCH PAPERS | 16 August 2025 | Article: 143

**Seed Priming Enhances Salt Tolerance in Basil: Insights into Physiological and Biochemical Responses**

RESEARCH PAPERS | 16 August 2025 | Article: 142

**Cement Dust Stress and Biochemical Responses in *Eucalyptus globulus* L.**

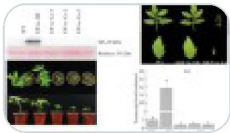

**Exploring the Physiological, Biochemical and Molecular Dynamics of Flower Development and Senescence in *Antirrhinum majus* L.**

RESEARCH PAPERS | 16 August 2025 | Article: 140

---

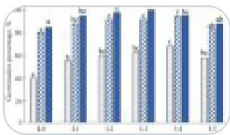

**The Co-Suppression of Translation Elongation Factor-1 $\alpha$  Impairs Plant Growth and Reduces Heat Tolerance in Tomato**

RESEARCH PAPERS | 16 August 2025 | Article: 139

---

**Improving Germination Efficiency and Seedling Growth in Lettuce (*Lactuca sativa* L.) through Seed Soaking with Phosphorus and Calcium**

RESEARCH PAPERS | 16 August 2025 | Article: 138

---
