surface science

A journal devoted to the physics and chemistry of all interfaces

Editor:

Manos Mavrikakis, Madison, WI

Associate Editor:

David G. Castner, Seattle, WA

Regional Editors:

Fumio Komori, Japan; Richard M. Lambert, UK; Klaus Wandelt, Germany

Special Section: Surface Science under Environmental Conditions

Edited by

Antoni Ciszewski, Robert Kucharczyk and Klaus Wandelt

Contains:

Surface Science Prospectives

Contents

Abstracted/indexed in: Aluminium Industry Abstracts; Chemical Abstracts; Current Contents: Physical, Chemical and Earth Sciences; EI Compendex Plus; INSPEC; Metals Abstracts. Also covered in the abstract and citation database SciVerse SCOPUS®. Full text available on SciVerse ScienceDirect®.

Special Section: Surface Science under Environmental Conditions

- Special issue on 'Surface science under environmental conditions'
