Metall Technology

9.2013

Production, scientific-technical and educational methods journal

Editor-in-Chief

Maslenkov S.B.

Assistant of Editor-in-Chief

Ushakov B.K.

Editorial Board

Bannykh O.A.

Gavrilyuk V.S.

Vasiliev V.A.

Kovalevskiy M.A.

Kokhan L.S.

CONTENTS

TECHNOLOGIES FOR PRODUCING THE FERROUS AND NON-FERROUS METALS

Grishin, N.N.; Ivanova, A.G.; Neradovskiy, Yu.N.; Kalinnikov, V.T. Kyanite ore processed by fluoride technologies. . . . 3

PLASTIC METAL AND MATERIAL WORKING

Galkin, V.I.; Golovkin, P.A.; Fesenko, S.A.; Valiakhmetov, S.A. Deformation mechanism influence on structure and properties of forged piece material made of alloy VT20 11

NANOTECHNOLOGIES AND NANOMATERIALS

Perinskiy, V.V.; Lyasnikov, V.N.; Perinskaya, I.V. Physical model of ion-beam nanostructuring of hard protective wear-resistant coatings with improved high-temperature characteristics for important parts and assemblies of aerospace equipment. 17

CORROSION OF METALS, PHYSICAL DETERIORATION OF NONMETALLIC MATERIALS

Gorbatykh, V.P.; Ivanov, S.O.; Yaskiv, V.M. Comparison of steel corrosion rates without lithium hydroxide treatment and with one 24

Mylnikov, V.V.; Shetulov, D.I.; Chernyshov, E.A.; Pronin, A.I. Fatigue resistance dependence of construction materials on frequency of cyclic loading 30

FOUNDRY

Vdovin, K.N.; Ushakov, S.N.; Marochkin, O.A.; Tochilkin, V.V. Modernization of crystallizer construction and improvement of steel casting technology in special continuous billet casting machines 38

NEW MATERIALS. TECHNOLOGY OF COMPOSITE MATERIALS

Pribytkov, G.A.; Firsina, I.A.; Korzhova, V.V. Composites Al—Ti, Al—Ti—Si, produced by hot compacting of powder compositions 42

Sirovatka, V.L.; Oliker, V.E.; Yakovleva, M.S.; Bondarenko, A.A. Structure and mechanical properties of detonation coatings made of hydrogenated powder of Ni—Al alloy 50
